CHICAGO SHAKES UP POLICE FORCE TO END CRIME

Sixty-mile Gale Whips City After Hottest Day Here

Trees Uprooted, Lights Smashed, Windows Broken and Wires Torn Down as Squalls Lash Victoria in Sudden Outburst; Highest Temperature of Year Registered in Afternoon; Wind Increases Humidity and Lowers Fire Menace.

Wind, which tore down wires, uprooted trees and whipped the streets into foam of whitecaps without warning, lashed over the city yesterday evening and reached a velocity of sixty miles an hour in intermittent squalls during the night. The storm broke with astounding suddenness following a breathless lull in the evening of the hottest day of the year to date.

Starting at 8 o'clock a hot breath passed over the Lower Island, increasing rapidly to a thirty-five-mile an hour wind. Between 9 and 10 o'clock it had gained a velocity of forty-five miles, increasing to fifty-four the following hour. From 10:30 to 10:40 o'clock it reached its maximum, racing over the city and Straits in a sixty-mile gust.

Shortly after it slackened off, but broke out again in another violent outburst at 11:30, when the velocity again reached the sixty-mile an hour mark. By 1 o'clock it had decreased to forty-five miles an hour, and had sunk to thirty-four by 2 o'clock.

The sudden outburst was caused by the marked change in barometric pressure throughout the province. Exceptionally hot weather throughout the interior as well as the island caused the barometer to fall rapidly. As a result a strong westerly wind sprang up from the ocean and swept inland.

Although not a record for the month of June, the temperature yesterday, standing at a maximum of eighty-two degrees, marked the hottest day of this year. The lowest temperature of the day, recorded fifty degrees in the Northwest with the temperature standing at ninety-four.

In spite of the intense heat and low humidity, the island was safe from forest fires, according to reports from (Concluded on Page 3)

MUNITIONS EXPLODE AND 100 ARE DEAD

Invading Rebels in Hunan Province, China, Cause Disaster After Victory.

Shanghai, June 16.—One hundred persons were killed, three hundred were injured and heavy property damage resulted from the explosion of a munitions dump at Chuchow, about thirty miles south of Changsha, Hunan Province, June 10, delayed Chinese press advice revealed to-day.

Dispatches stated Kwangsi Province invading rebel soldiers captured the area and ignorantly attempted to move the explosives stored therein. A soldier was reported to have handled a hand grenade roughly, causing a disaster which lasted six hours.

One dispatch said: "Shells and bullets shot in all directions, killing one hundred officers, privates and civilians and wounding hundreds more. People were terrorized and pathetic scenes were enacted among the bodies which littered the ground."

"Disembodied bodies lay everywhere. Wounded persons stumbled and felt their way about during the disaster. Convicts in a nearby jail attempted to escape during the explosion and guards were forced to fire, killing many."

The attack was started at 4:30 a.m. when the three flying boats left the airways base on English Bay and circled over the park. There was hardly a breath of wind, and the calcium

ENGLISH TEAM SCORES WELL IN TEST MATCH

Put on 302 in Second Innings of First Test Match Against Australia

Australian Eleven Must Score 369 Runs to Win; Jack Hobbs Performs Well

Nottingham, Eng., June 16.—England completed her second innings in the cricket test match with Australia at Trent Bridge late this afternoon. England compiled innings of 270 and 302, an aggregate of 572.

Australia, who made 144 in their first innings, had scored 60 for the loss of one wicket in their second before stumps were drawn to-day. With their aggregate 205 the Aussies will require to make 369 runs to-morrow to win. The teams are playing the first of a series of five test matches for the "Ashes," mythical emblem of the Anglo-Australian cricket championship, now held by England.

Jack Hobbs and Herbert Sutcliffe between them compiled 123 runs for England to-day, which made the tenth three figure inning for the first wicket this opening pair has made in Anglo-Australian test matches.

England lost Sutcliffe when he was going strong through injured fingers. Willy Hammond and Frank Woolley were easily disposed of. Pat Hendren and A. P. Chapman, the English skipper, staged a stand which warmed up England's morale again.

When he had scored 74 Hobbs was stumped, and then things went badly for England. (Concluded on Page 17)

Oregon Candidate For Governor Dies

Camp Clatsop, Ore., June 16.—George W. Joseph, Republican nominee for Governor of Oregon, dropped dead here at 8:45 o'clock this morning.

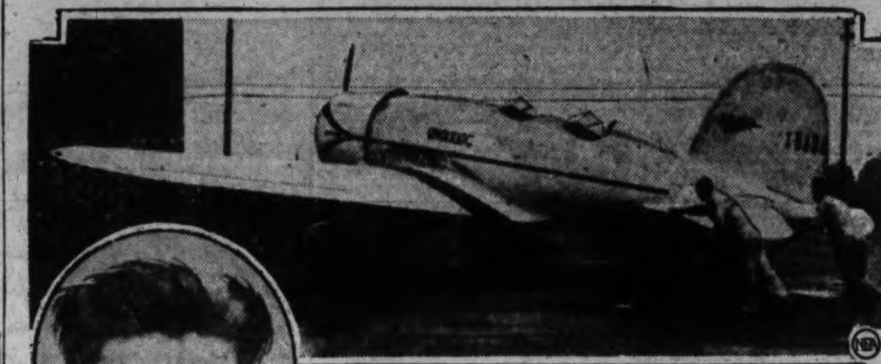

Shanghai, June 16.—One hundred persons were killed, three hundred were injured and heavy property damage resulted from the explosion of a munitions dump at Chuchow, about thirty miles south of Changsha, Hunan Province, June 10, delayed Chinese press advice revealed to-day.

Dispatches stated Kwangsi Province invading rebel soldiers captured the area and ignorantly attempted to move the explosives stored therein. A soldier was reported to have handled a hand grenade roughly, causing a disaster which lasted six hours.

One dispatch said: "Shells and bullets shot in all directions, killing one hundred officers, privates and civilians and wounding hundreds more. People were terrorized and pathetic scenes were enacted among the bodies which littered the ground."

Plane Tuned For Atlantic Flight

From New York to Mexico City by air without any stops, then eastward across the South Atlantic to Africa—that is the ambitious summer flying program Col. Roberto Fierro, Mexican aviator, has laid out for himself. He is shown at the left as he arrived at Roosevelt Field, Long Island, the take-off point for his projected flight to Mexico. Above is a picture of his plane, a Lockheed Sirius similar to the one in which Col. Charles A. Lindbergh recently flew across the United States in record time.

KING'S SPEECH IS KEYNOTE FOR LIBERALS

Premier's Brantford Speech To-night Swings Campaign Into Full Momentum

Ottawa, June 16.—This will be an eventful week in the Federal election campaign. This evening Premier King will deliver the keynote for the Liberal Party at a mass meeting at Brantford, Ont. His words will be broadcast across Canada by radio.

The address is expected to include a review of the record of the administration of which he is the head, a reply to the leader in Winnipeg a week ago and an announcement of the government's plans if returned to power.

Candidates to speak will be the Prime Minister's first political speech since the election got under way. Mr. King will be preceded by the Liberal candidates in Brantford and Brant. He will, it is expected, begin his speech at about 9 o'clock, Eastern Standard Time.

In addition to members of his staff, the Prime Minister will be accompanied to Brantford and through the campaign by Professor Norman McLeod Rogers. (Concluded on Page 3)

New York, June 16.—Strong banking support cushioned but failed to check a headlong decline in share prices in to-day's stock market here, in which some 200 issues plunged to new low levels for the year or longer. The decline was one of the most precipitous since the November selling.

American Telephone tumbled \$5 a share to a new low for the year close to \$210. Last November, however, the stock touched \$197. Shares declining \$7 to \$10 included American Waterworks, Westinghouse Electric, Union Pacific, General American Tank, Worthington Pump, Vanadium, American Tobacco "B" and Houston Oil. J. I. Case dropped \$15 and Allied Chemical nearly \$20.

As soon as the Premier's meeting is concluded, there will go on the air from Victoria the meeting of Mr. Bennett, speaking from the Royal Victoria Theatre. This meeting will run from 8 o'clock until after 10 o'clock.

This is the first time Canadian political leaders followed each other on the air so closely. It is one of the accidents of the present Federal election, which is being fought largely over the air.

Although Mr. Bennett, because of the difference in time between Brantford and Victoria, would be able to hear the Premier's speech, it is doubtful whether he will be able to linger long enough on his way down Vancouver Island to Victoria to hear (Concluded on Page 3)

Hollywood Expert Movie Operator Here For Tests

E. B. Hesser, Leading Cameraman, Commences Tour of Vancouver Island To-day With J. S. H. Matson; Will Take Test Films of Locations and Scenes; Study of Personnel Available and Studio Sites To Be Made; Victoria Looks Good, He Says.

Edwin Bower Hesser, leading Hollywood moving picture expert, left Victoria this morning in company with J. S. H. Matson and Leonard Frank, well-known artist, to take test views of Vancouver Island's scenery on which to base decision for the location of a modern moving picture studio.

Mr. Hesser this morning stated that Victoria possesses an abundance of excellent settings such as are now required by directors of talking pictures. "Mr. Matson's visit to Hollywood awakened an interest in Canadian production of motion pictures for the first time in the history of the film industry," said Mr. Hesser to-day. "His statements of the physical advantages of Victoria for the establishment of a great studio for the making of sound pictures, pictures a far different Canada to Hollywood minds than they had ever imagined, and prompted my visit to Victoria. I will make an accurate and technical survey of the advantages of Vancouver Island for serious motion picture production."

"I will be able to quickly judge of the values for production which Vancouver Island has to offer, and from what I have already seen around Victoria I can assure you that Hollywood will be interested. By Hollywood, I mean the producers—cameramen and directors collectively. (Concluded on Page 3)

Political Leaders Talk To Canada Over Radio To-night

Premier King Speaking in Brantford Will Be Followed by Hon. R. B. Bennett in Victoria; Greatest Hook-up in History of Canadian Radio Will Be Achieved With Seventeen Stations From Coast to Coast Carrying Premier's Speech; Conservative Leader Comes to Victoria by Way of Nanaimo.

Canadians from Coast to Coast will this evening hear Premier Mackenzie King in the greatest Canadian radio hook-up yet achieved. He will be followed on the air by Hon. R. B. Bennett, Conservative leader, speaking from Victoria over Radio Station CFCT.

Premier Mackenzie King will deliver his keynote election speech in Brantford and for the first time this speech will be broadcast from the Atlantic to Pacific over a chain of seventeen radio stations. The Premier's speech will be heard from 8 to 9 o'clock, Victoria time, over CBRV station, Vancouver.

As soon as the Premier's meeting is concluded, there will go on the air from Victoria the meeting of Mr. Bennett, speaking from the Royal Victoria Theatre. This meeting will run from 8 o'clock until after 10 o'clock.

This is the first time Canadian political leaders followed each other on the air so closely. It is one of the accidents of the present Federal election, which is being fought largely over the air.

W. T. TWINE LEADING IN BRITISH OPEN

Former Kent Professional Scores Sensational 68 in First Round of Golf

Diegel and Two Other British Pros Tied For Second; Bobby Jones Has a 73

Weybridge, England, June 16.—W. T. Twine, of Bromley, former Kent professional champion, led the field in the first qualifying round for the British Open Golf Championship with a score of 68 to-day. Leo Diegel, Agua Caliente, Mexico; Jimmy Bradbeer and Archie Compston, British pros, were tied for second with scores of 70.

Bobby Jones returned a score of 73, one over par, for his round, played over the Royal Liverpool Course. The U.S. players claimed a prominent place in the qualifying play.

George Von Elm, playing over the Wallace course, after a slow outward journey in 39, came home in 32 strokes for a score of 71, leaving him a stroke behind Diegel.

Don-Moe, youthful Oregonian, had 75, and Jim Barnes, and MacDonald Smith were tied at 77.

George Von Elm scored 71 over Wallace and Bobby Jones 73 at the Royal Liverpool.

Mark Seymour, St. Leonard's, had a score of 71 at Wallace, but withdrew from play when informed of the sudden death of his father while he was playing his round.

F. C. Stevens Jr., Los Angeles amateur, scored 79, playing steady golf with the exception of a few putting lapses.

Jones's score of 73 represented a very easy round and an uncertain trip home which caused him to drop a stroke to par on the day's round.

When the marker asked Bobby to officially sign his card at the end of the round and satisfy himself of its accuracy, Jones replied: "JONES NOT SATISFIED"

CHINA REBEL FORCES MOVE ON HANKOW

Government Army Move of That Area Said to Have Suffered Reverse

Shanghai, June 16.—Indications that the Nationalist government forces defending the three cities of Hankow, Wuchang and Hanyang against the thrusts of two rebel armies had suffered their second reverse in three days appeared to-day in Japanese advices from Hankow.

The reports said the eastern wing of the Northern Expedition had had a sharp advance southward to Chautau, on the Peiping-Hankow railway. The Nationalist forces were said to be withdrawing.

Heavy losses were inflicted on the Nationalists Saturday by the Kwangsi rebel army, which advanced to a point south of Hankow. The government troops withdrew, but reorganized for a counter-movement.

That the military forces of Manchuria might be mobilized and sent to the aid of the Nationalists was hinted yesterday in Chinese dispatches from Mukden. Chang Jueh-liang, governor of Manchuria, was quoted as having threatened to turn his troops against the Northern rebels unless the latter accepted his offer to mediate between the Nationalists and the Peiping alliance.

With the Nationalist Government engaged in making war against the rebel militarists, piracy and other forms of lawlessness continued to flourish in many parts of China. Dispatches from Amoy said Communists and bandits were roving through that region.

COMMISSIONER OF POLICE OF CHICAGO QUILTS

City Council Committee Says Force Must Be Reorganized; Wave of Public Criticism Grows While Police Fail to End Spectacular Crimes of Gangs.

VANCOUVER MAN DIES OF SHOT WOUND

G. T. Winter of City Engineer's Staff Was Known in Sports Circles

Vancouver, June 16.—George T. Winter, aged thirty-two, a clerk in the sewer department of the Vancouver city engineer's office at the City Hall, died at 1:10 p.m. to-day after he had been found unconscious with a bullet wound in his head.

The body was discovered after a revolver shot had been heard in a rooming house at the old Royal Vancouver Yacht Club quarters in Stanley Park.

The caretaker, who investigated the shot, found Winter huddled in a launch in a rooming house. He was bleeding profusely from a bullet wound in the brain and died before the police arrived.

Retirement of the police head came as no surprise to the city despite Russell's frequent assertions he would never quit under fire. Whether his action came upon demand of Mayor William Hale Thompson was not known, for the mayor has maintained silence through the week of public and press attacks on gang activities that followed the killing last Monday of a Chicago Tribune reporter, Alfred (Jake) Lingo.

Commissioner Russell was to appear before the city council police committee this afternoon to report the results of the seven-day roundup of hoodlums, started twenty-four hours after Lingo's death. Alderman Arthur P. Albert had announced he would demand a sixty-day furlough for both Russell and Siegel to permit some other commander to clean the city of gang domination and corruption with the department.

Russell said he would retain his place in the police department with his civil service rank as captain.

In a statement to newspapermen, the commissioner admitted he was no longer able to function in his present capacity and indirectly to startle municipal finance, he asserted general crime conditions in Chicago were better than in other United States cities.

RECORD WEEK FOR BUILDING WITHIN CITY

Total Value of Eleven Permits Issued Amounts to \$116,567

Building permits issued at the City Hall last week show that the period from June 9 to 14 was the busiest construction week of the year.

Figures released this morning by Leonard J. Eklman, assistant city building inspector, places last week's total at eleven permits, with a total value of \$116,567.

Three important contracts contributed to the building total. The permit for the Bank of Montreal extensions and improvements at the northwestern corner of Government and Bastion Streets, taken out by Parfitt Bros. Ltd., general contractors, amounts to \$39,500.

U.S.-CANADIAN CARAVAN PARTY SPEEDING NORTH

Automobile Party Feted on Way Over Cariboo Road to Hazelton

Williams Lake, June 16.—The International party touring through British Columbia to Hazelton, concentrating attention on the proposed B.C.-Alaska highway, stayed at Clinton yesterday evening, and this morning was headed towards Williams Lake, which will be the stopping place for to-night.

The afternoon the United States and Canadian road advocates on whom the wonderful scenery of the road to the north has create a remarkable impression, stopped for half an hour at the Chasm, a miniature of the Grand Canyon of Colorado. The beauties of the Chasm added one more impression to those rapidly being made on the minds of those in the caravan as (Concluded on Page 17)

Scattered Salt Raids By Crowds In India

Seventeen Lose Lives in Accidents

Toronto, June 16.—Citizens of Ontario and visitors endeavoring to escape from the scorching heat paid dearly for the relief found at cool and shady spots over the week-end. A check to-day revealed the lives of seventeen persons had been taken by drownings, automobile crashes, railway accidents and various other mishaps throughout the province.

Of the eight drowning victims, four were prominent citizens of Toledo, O., whose upturned launch was found in Lake Erie.

There has been no new raiding at Dharamasa.

Liquor Running On Detroit River Ended

Great Change Follows Refusal of Clearances From Canada, Says Detroit Collector of Customs

Detroit, June 15.—Conditions along the Detroit River during the first two weeks of operation of the new Canadian liquor export law have just about convinced Col. Heinrich A. Pickert, collector of customs, that commercial smuggling of liquor has ceased.

"Once in a while some fellow tries to get across with a few bottles under his raincoat," said Colonel Pickert to-day, "but that is an entirely different proposition from the smuggling of thousands of cases a month."

Colonel Pickert is not sure yet whether it is a permanent peace or an enforced armistice in the liquor war zone. "Of course," he said, "we don't know whether they are going to reform or try something else."

There were at least 10,000 men in the rum running racket, the collector declared in answer to a question, "and I should say that at least 9,000 of them lived on the United States side of the border."

Three weeks ago these men were engaged, so far as their starting point, Canada, was concerned, in a perfectly legitimate business. They registered their whisky, wine, beer and gin for export with the Canadian Government. Their activities on the Canadian side of the border were open and above

board. United States customs officers stood on their own side of the river and watched their movements. It was only when the rumrunners crossed the imaginary line in the middle of the river that they were forced to play hide and seek with the officers—a game in which the stakes were large and the hazards great.

THEIR LOW MARK

During the last month of such operations the rumrunners registered 35,000 cases of whisky for export, and got into the United States with a great deal of it. This was the low mark of the industry. In May, 1929, before the customs blockade was so well organized and before the threat of Canadian interference loomed, 118,000 cases were shipped.

"It is all different now," said Colonel Pickert. "There are other things to look after. Liquor is contraband, like narcotics and aliens. We still have the aliens as a big problem. There are thousands of them in Canada waiting for a chance to sneak in. Then there is regular commercial smuggling in furs and other articles to be combated."

Colonel Pickert is inclined to laugh at stories that rumrunners are perfecting a new system. One rumor is that they will bill their goods to some other country and then move them to the United States. Colonel Pickert said he had too much respect for the effectiveness of Canadian law and the stiff bond required of exporters to believe this would be attempted.

Farewell Event For Massey At Washington

Ambassadors and Ministers Bid Him Good-bye as He Leaves to Take Post in London

By Ken Clark, Canadian Press Staff Correspondent

Washington, June 15.—A distinguished group of diplomats and representatives of the United States Government gathered on the platform at the Union Station at 11 o'clock Saturday night to say goodbye to the Canadian Minister and Mrs. Massey, who were leaving for London before their departure for London. Among them were Sir Ronald Lindsay, British Ambassador, German Ambassador, Hon. Eric Loug, South African Minister, other representatives of the British Empire official family in Washington, and J. Theodore Marriner, head of the western European division of the Department of State.

The Minister and Mrs. Massey apparently were greatly moved by this demonstration of friendship and esteem. Passing through a double line of the notables, they shook each by the hand, and Mrs. Massey, carrying as well as she could several huge bouquets of red and pink roses, went through the gate to the train.

Before taking a few weeks' leave in Canada, the minister will fill several engagements in the United States. Tomorrow he will be at Dartmouth University in New Hampshire to receive a degree of Doctor of Laws, on June 23 he will receive a similar honor at the University of Michigan.

Mr. Massey's new post is Canadian High Commissioner in Great Britain.

Ganges

The "Fulford Frolics" held their weekly gathering on Friday evening at the "White House," Fulford Harbor. Mrs. A. J. Eaton acting as hostess. There were three tables of progressive whist, the first ladies' prize for which was won by Miss Iris Vye, second by F. Reid; gentlemen's first was awarded to Kenneth Mollett, second to B. Akerman. The latter part of the evening was spent with games and music, refreshments being served by the hostess, to whom a vote of thanks was given for her kindness. The "Frolics" are for the children of the "tent caterpillar" contest, which is going on among the children of Burgoyne Bay and Isabella Point Schools, in which the children are proving very keen. Two little children in one family having already destroyed well over a thousand tents. The contest will end on June 27.

D. Tweedhope, Ganges, has returned to the island after a week's absence on business in Victoria.

Mrs. D. Hamilton returned by launch to Ganges on Saturday evening after having spent a week with relatives at Saanich.

Miss Ida Bond, Ganges Harbor, is spending the week-end at the White House, Fulford Harbor.

D. S. Harris, Ganges, spent a day or two in Victoria this week.

J. McCallum has returned to Vancouver after spending a week with relatives at Ganges.

Mr. and Mrs. C. S. Macintosh of "Madrona," Ganges Harbor, returned home on Thursday after a visit to friends in Vancouver.

Mrs. Shalard and two children have returned to Vancouver after spending

a week or so on Salt Spring Island, where they were guests of Mr. and Mrs. Eric Nelson, Ganges.

Harry Caldwell, Ganges, spent a day or two in Victoria this week.

Miss Evelyn Jackson, Fulford Harbor, was the week-end guest of Mr. and Mrs. V. Frie, Ganges.

Mrs. Burnett, Fulford, left on Friday for a visit to her parents, Mr. and Mrs. W. Wilson, Victoria.

The Vancouver-Victoria seaplane landed in Ganges Harbor Friday afternoon with two passengers from Vancouver, Dr. E. M. Sutherland and L. Chaplin.

SEARCH FOR HEIRS HERE

Police Looking For Widow and Daughter of Thos. Black Who Left City in 1894

Victoria police are now searching for the widow and daughter of Thomas Black, former resident of Victoria, who left this city in 1894 and died recently in San Francisco. The search will be conducted as a result of a request from Cormac and Bolles, solicitors for the deceased, who are anxious to find the relatives in order to dispose of the estate, which totals approximately \$11,000.

According to information received from the solicitors, Mrs. Black was a member of the Methodist Church. The daughter, Irene, was a resident of 15 Ellis Street, Rock Bay, in the year 1905.

HUNTING BIG GAME IN HEART OF DARKEST AFRICA

From darkest Africa came these first pictures to be received from the big game hunting expedition of Colonel Charles Wellington Furlong of Boston, who has just returned to Nairobi from the interior. Upper left shows Colonel Furlong and Masai warriors who live on blood and milk and kill lions with spears; right, a twelve-foot ant hill. Below, one of the expedition's autos in the desert and a leopard being brought into camp. Colonel Furlong, noted explorer and traveler, is a former member of the U.S. army general staff and was a delegate to the Paris peace conference.

Colwood

At a recent executive meeting of the Regional Rural Nursing Service, the following nurse's report for the last month was presented:

Schools visited—Albert Head, Colwood, Langford, Luxton and Happy Valley.

Annual inspection by Dr. I. B. Hudson of all children attending above named schools.

Sixty-eight home-school visits, 8 health talks given, 54 home visits, 60 child welfare visits, 45 nursing visits, 82 telephone consultations, 6 minor accidents, a successful annual May Day held.

The monthly meeting of the Colwood Women's Institute will be held on Thursday afternoon, June 19, at 2:30 o'clock.

The monthly meeting of the Women's Auxiliary to St. John's Church was held Thursday afternoon at the Vicarage. A gratifying report was presented of the recent sale of work, and a substantial sum was voted to be given to the warden for church expenses. It was decided to purchase hangings for the altar, also the pledge will be met. The bulletin was read by the secretary, and Miss James, president of the auxiliary, read the study book. The tea hostesses were Mrs. W. M. Brown and Miss James.

Mr. and Mrs. G. Hunter of Calgary, Alberta, are holidaying at Ocean Beach.

The gladioli bulb growing competition, arranged through the kindness of F. A. Small of Victoria and Lagoon, for the pupils of Colwood School, has an entry list of fifty, but interest being shown by all contestants.

High Blood Pressure Does Not Always Indicate Danger

By DR. MORRIS FISHER

In the child what is known as the systolic blood pressure varies between ninety and 105 and the diastolic between sixty-five and seventy. The systolic pressure gradually increases until it reaches a level of 120 at the age of twenty. The diastolic pressure does not rise proportionately, but reaches about eighty at the age of twenty.

The systolic pressure is the highest pressure reached in the arteries and the diastolic pressure the lowest pressure reached, these representing various phases of the contractions of the heart. Naturally the pressure is going to be higher just after the heart has contracted than when it is in the relaxed stage.

As a person grows older the arteries tend to harden and the systolic pressure becomes higher. From twenty years of age to forty years of age the blood pressure is usually about stationary, averaging from 120 to 125 systolic and from eighty to eighty-five diastolic in normal people. From forty on the pressure may rise gradually, reaching 135 systolic at sixty, and 85 or 90 diastolic.

It has become customary to regard blood pressure above 140 systolic in adults as abnormal, although there are some individuals who normally exhibit blood pressure above the average. At times the blood pressure remains constant at a higher than average figure.

This does not constitute a disease in the usual understanding of that term, because in diseases in which the blood pressure is higher than normal, it tends to get still higher as time goes on.

It is extremely difficult indeed to tell on a single examination just which cases represent normal types of high blood pressure and which abnormal types. The only way in which that can be done is to have examinations made at fairly regular intervals over long periods of time.

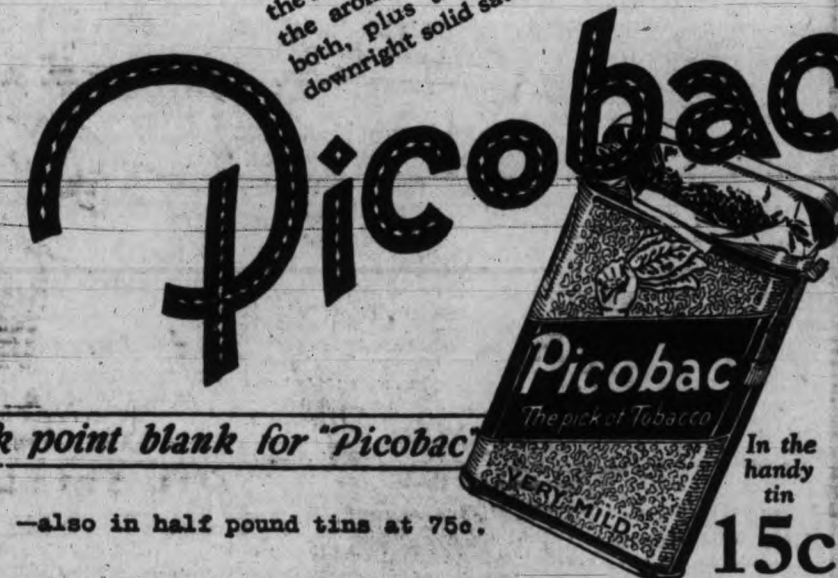

It is important not to put too much stress on the blood pressure rating alone. Far too often men have become exceedingly disturbed mentally over a high blood pressure when such disturbance was not warranted by the physical state. The competent physician takes into account not one single observation concerning any phase of the condition of the human body, but concerns himself with all of the conditions.

He then regulates the life of the individual according to the physical condition. It is known that rest lowers the blood pressure, whereas exercise raises it. Blood pressure drops during sleep.

Overweight is usually associated with some increase in blood pressure, but there are many fat people whose blood pressure is not above the average for their ages.

"PICOBAC", the perfect pipe tobacco is selling steadily to smokers. Perhaps it's the flavour that's in favour—perhaps it's the aroma. More likely than not it's both, plus the difficult to describe downright solid satisfaction it gives.

THE "TEN-ONE-and-ONE"

A new Pullman with more room for each guest

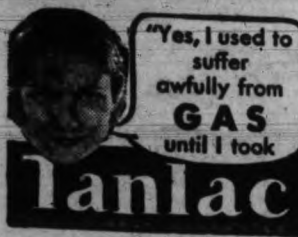

To modern ambition for "bigger, better and roomier" Pullman cars, the Northern Pacific responds with the "Ten-one-and-one."

There are no "lower 12's" or "upper 16's" on the North Coast Limited. Each car of this newest of new American trains has but ten sections. Consequently, there are fewer passengers to the car and the ladies' and gentlemen's dressing rooms are very roomy indeed.

The newly-created "Ten-one-and-one" Pullman has, in addition to ten sections, one drawing room and one compartment, luxurious in appointments and convenient in facilities.

NORTH COAST LIMITED

NORTH COAST LIMITED FEATURES
Pullmans just built and completely furnished. Lavatory observation-lounges and parlor cars, 1530 model diners, roller bearings. Controlled ventilation. Vapor heat. Private rooms with cots. Clubbing and chess parlors. Dining-sitting beds. Windows frame-framed and cushioned in rubber. Extraordinarily large ladies' restrooms and gentlemen's dressing rooms. Radio. Modern plumbing. Bath. Maid. Valet. Barber and beauty shop. Card and smoking parlors. Even a soda fountain. A solid train of "TEN-ONE-and-ONES." (110-A)

"Yes, I used to suffer awfully from GAS until I took Tanlac"

WINDSOR

SIXTY-MILE GALE WHIPS CITY AFTER HOTTEST DAY HERE

(Continued From Page 1)

The Forestry Department. At 2 o'clock the atmosphere was exceptionally dry with only twenty-eight per cent humidity. In view of the fact that anything below thirty per cent is considered exceptionally dangerous for fires, the area affected by the heat was fortunate in having no outbreaks.

HUMIDITY HIGHER TO-DAY

Although there was no rain yesterday, the humidity increased to-day due to the moist wind which proved a blessing to the forestry men. Throughout the province the dry spell was felt and fear of fires ran high.

Speaking of the rainfall, F. Napier Denison of the Gonzales Hill Observatory this morning stated the total was still 1.1 of an inch below the average for the month. To date .54 of an inch has fallen during June. The year, since January, is also below the average, he said.

In Victoria the warm weather brought hundreds to the beaches and lakes, where scores of bathers and

boating parties enjoyed the comparatively coolness of the water. A light breeze throughout the afternoon furnished enough wind for light sailing, and many sheets of canvas dotted the Straits.

BREATHLESS CALM

Around 5 o'clock the wind fell and left boats becalmed. At 8 o'clock slight flurries rippled the water and increased in strength until the bays were roughened with increasingly big waves as the wind blew in from the west.

As it gained in velocity trees swayed in the breeze until it reached its maximum. On Cedar Hill Cross Roads a giant oak was torn from its roots, while other lofty trees were uprooted and thrown to the ground. Lights flickered throughout the city as light wires were tossed about, and many went out as the wires were wrenched from the poles.

In the city, cluster lights were blown from the poles and smashed in myriads of pieces on the sidewalks. Awnings were torn from their frames and a few plate glass windows were blown in.

CONSIDERED GODSEND

In spite of the damage done, the gale was welcome since it increased the humidity generally and lowered the fire menace. Bulletins issued by the

Forestry Department throughout the province showed the number of fires to be below that of last year up to the present. In 1929, 425 outbreaks had been reported against 292 this year. With the exception of the Cariboo and Prince George areas, fewer fires have been reported. Rains and cloudy weather with occasional showers have prevailed throughout the province.

POLITICAL LEADERS TALK TO CANADA OVER RADIO TO-NIGHT

(Continued From Page 1)

all of it. Mr. Bennett accompanied by Miss Mildred Bennett, crossed from Vancouver to Nanaimo, early to-day and was met there by D. B. Plunkett, of Victoria. They went by motor to Parksville, where they addressed a noon day meeting. From there they started south over the Island Highway to Victoria. Arrangements were being made for him to stop somewhere for dinner to-night to hear at least part of the Premier's radio speech, before coming on to Victoria for the Royal Victoria Theatre gathering. Mr. Plunkett and C. H. Dickie will be among the other speakers at to-night's meeting here.

Premier King in Brantford this eve-

ning is holding his meeting in the Dufferin Rifles Armory.

Mr. Bennett and Miss Bennett, having left Calgary Saturday, reached Vancouver early this morning.

GREAT INTEREST IN CAMPAIGN

"Never have I seen such interest in a general election," declared the Conservative leader. "On the Prairies I have had audiences of seven, eight and nine thousand. It is significant of the interest in problems facing Canada."

Mr. Bennett was met at Vancouver by Hon. H. H. Stevens, J. Leon Ladner, R. J. Hamilton, Conservative candidates in Vancouver Centre, Vancouver South and Burrard respectively.

Mr. Bennett will return to Vancouver Tuesday. He will address a Conservative luncheon, open to men and women, at Hotel Vancouver at 12.15 p.m. He will speak at the Denman Street Arena at 8.15 p.m.

OTHER MEETINGS THIS WEEK

The next meetings of the week in the political campaign here are set for Wednesday night when the Conservatives will hold their nominating meeting for Victoria, and when C. H. O'Halloran, Liberal candidate in Nanaimo, will address his first meeting in the greater Victoria area. This Liberal meeting will be at St. Aidan's Hall, Cedar Hill, and among the other speakers will be Alex. McDonald of Sidney and Norman Whittaker of Victoria. At the Conservative nomination the same evening Leon J. Ladner of Vancouver will be a speaker.

H. D. Twigg, M.P.P. of Victoria, is leaving to join Hon. H. H. Stevens in a speaking tour over the interior of the Province, going as far as Fernie.

KING'S SPEECH IS KEY-NOTE FOR LIBERALS

(Continued From Page 1)

formerly a member of his secretariat but now of Queen's University. Professor Rogers is a Nova Scotian, a former Rhodes scholar and was for three years professor in the Department of History at Acadia University in Nova Scotia.

CAMPAIGNS GATHER WAY

To-morrow evening Mr. King will speak in Peterboro, Ont., and Hon. B. Bennett, Conservative leader, will address a meeting in Vancouver. The public may expect the campaigns of the leaders will have some effect in the momentum before the week is out.

MINISTERS TO SPEAK

The week will see not only the Premier and the Conservative leader in action, but practically all the Cabinet ministers and the front benchers of the Conservatives will be on the hustings. Hon. Chas. A. Dunning, Minister of Finance, is back in Regina and Hon. Charles Stewart, Minister of the Interior, will likely leave for Alberta the end of this week. Hon. R. J. Manion, one of Mr. Bennett's lieutenants, will speak in North York to-night.

UNITED STATES TARIFF

The signing of the Hawley-Smoot tariff bill in the United States by President Hoover will have some effect in shaping the course of the campaign. The uncertainty as to whether the bill would actually become law or not has now been ended, and the effect of the tariff wall put up by the United States will doubtless be the basis for a considerable discussion.

PROVINCIAL ELECTIONS

In the turmoil of the Federal election come two provincial general elections this week, both on Thursday. One is in New Brunswick and the other in Alberta. In New Brunswick the Conservative government, under Premier J. B. M. B. is appealing to the people, and in Alberta the Farmers' government led by Premier J. E. Brownlee. Although the issues in the provincial elections are entirely different from those of the Federal election, they will be closely watched and many will interpret them as indicating which way the wind is blowing on the Federal campaign.

New Brunswick has shown itself to be pretty evenly divided in Federal representation. When the last House of Commons was dissolved, there were five New Brunswick Liberals and six Conservatives. In a province so evenly divided the provincial election results will be closely analyzed.

From Alberta in the last House of Commons there were three Liberals.

eleven U.F.A. members, one Conservative and one Labor member.

VANCOUVER NORTH. — Nominating conventions being held in the various British Columbia constituencies which have not yet chosen their candidates, chief interest lies in the Vancouver North Liberal convention to be held to-morrow evening.

The choice is believed to lie between Dugald Donaghy, K.C., and A.E. Munn, former P.P. Mr. Donaghy has four great difficulties in adjusting his personal and professional affairs so as to allow him to enter the contest, but his supporters are still hoping he may be able to run in the constituency he formerly represented at Ottawa.

Mr. Munn, who formerly represented a large part of the constituency as provincial member for Lillooet, is one of the strongest political figures on the North Shore and in the event of either man being the candidate a warm contest is assured.

J.A. Fraser, the late member, was nominated Conservative candidate in Cariboo at Kamloops Saturday.

HOLLYWOOD EXPERT MOVIE OPERATOR HERE FOR TESTS

(Continued From Page 1)

"The film producers know that their appeal is directly to the public and that the public must be pleased. Since Mr. Matson's visit, Louis B. Mayer, production head of Metro-Goldwyn-Mayer studios, declared that good pictures, no matter in what part of the world they were produced, would find an open market and a welcome in the United States. This statement was made by Mr. Mayer at a dinner to foreign newspaper correspondents.

FEW GOOD FILMS

"The only good reason why so few foreign films find a market in the United States has been that Europe has produced so few films satisfactory to American and Canadian audiences. "When it comes to hours of amusement the peoples of Canada and the United States are alike in their demands for good entertainment, without regard to its country of origin. "Journey's End," a British story, British produced, has made a terrific hit all over the United States, while "Destiny" with George Arliss, was a British story, American made, and a success all over the world," Mr. Hesser commented.

"Just before I left Hollywood I had a talk with Director Alfred Green, who has just been making 'Old English,' starring George Arliss, at the Warner Brothers Studios in Hollywood. I told Mr. Green about the plans for a Victoria studio—and he was enthusiastic.

"So was Director Edmund Goulding, who produced 'The Trepasner,' starring Gloria Swanson, wrote 'The Broadway Melody,' 'Dancing Mothers' and many other successes. Mr. Goulding is a British subject, and expressed his keen interest in the project for Canadian production, drawing attention to its advantages in relation to the British film quota regulations.

"Lee Huguin, one of the leading production experts in Hollywood, and for years active at the Mack Bennett Studios as production manager, has offered his co-operation to the plan. "All these, however, have stated quite frankly that Victoria is to them just the name of a place, and only the representation made by Mr. Matson have brought the thought of Western Canada as a film centre to their minds.

EXTENSIVE TOUR

"The climatic conditions of Victoria and its scenery are of paramount importance. I plan to take my camera from end to end of Vancouver Island, recording beauty spots, its buildings, its city streets, its harbors, its shipping—all the varied points that measure its value from an outdoor 'location' standpoint. Then I intend to inspect the proposed area for the studio itself, find out all the details regarding electric power, transportation, housing facilities for an industry that would naturally greatly increase the population. Its air facilities, its picturesque ocean beaches and rocks, its rivers, lakes and waterfalls—all these are the basis on which I hope to find Victoria a suitable production field.

"California scenery has been greatly 'overworked' in the past few years—that new atmosphere, new back-

SMITH & CHAMPION THE BETTER VALUE STORE LIMITED. 1420 DOUGLAS ST. Near City Hall Phone 718

grounds, will be a great advantage. "The second great point to be considered is the human element. In Hollywood there are many hundreds of people always ready to play the smaller parts in motion pictures. They are as plentiful to the success of production as the star players. It is certainly going to be a grave question in production in Canada—securing players for extra work and the smaller parts. So one of the important points of my survey must be to discover the feeling of your people in regard to playing in motion pictures. We must find out whether a set with fifty good looking young men and pretty young women, in formal evening dress, could be assembled for scenes demanding such an aggregation. We must find whether attractive beach scenes could be staged—with vigorous young manhood and womanhood in evidence. We must find out whether there are enough young men and girls in Victoria who are ambitious dramatically to make them work hard through the stages of 'extra' work, with the thought of building up a future career. These and many business details must be determined—to judge of the real value of a studio in Victoria.

Now Is the Best Time To Choose Your Plants

Many of our plants are in bloom now, more will be shortly. You cannot move them until the autumn, of course, but this is the time to select what you will want for autumn planting. By seeing them during the flowering season you may choose exactly what you like best—the individual trees, shrubs, roses or perennials which appeal to you most. A visit to our nursery now will prove interesting to any gardener, whether he is in need of plants or not.

FIFTY YEARS OF CONSTANT ENTERPRISE

THE MAGIC OF THE OIL SMELLER

He had mysterious powers: . . . this "oil-smeller" of half a century ago. He earned his living hunting oil with a "divining rod." When the rod twitched or pulled in his hand it meant that the land on which he stood was oil land.

Some of these old-time "oil-smellers" acquired wide reputation. But because their methods were wasteful and inefficient their usefulness was short-lived. As the oil industry grew science replaced magic. The guessing "oil-smeller" was succeeded by the knowing geologist.

From the early days of the "divining rod" to the present day of great machines and advanced refining processes, Imperial Oil has been identified with every major improvement in the oil industry. It has pioneered and persevered . . . ever-experimenting . . . creating new products to meet new needs . . . striving always to produce better motor oils and gasolines.

How well it has succeeded is indicated by the public faith in Imperial Oil products. Only through such faith could Imperial have grown into the organization it is today . . . service stations in all parts of Canada . . . six huge refineries . . . vast oil fields in South America . . . thousands of miles of pipe lines . . . fleets of tankers on the Atlantic, the Pacific and the inland waterways.

Fifty years of constant enterprise are in the products Imperial Oil sells today.

Marvelube is Imperial's finest motor oil. Imperial 3-Star and Imperial Ethyl are its best gasolines.

Which means that nothing finer can be put in your car.

WHAT DOES HE MEAN?

IN HIS WINNIPEG SPEECH THE OTHER day Mr. Bennett is reported to have referred to the trade treaties with the southern Dominions as follows:

Do you realize the treaty made with New Zealand, the treaty made with Australia, brings to-day the bitterness of Australia against us, the bitterness of New Zealand against us? We made a treaty, one by order-in-council, one by negotiation, both unfair to Canada.

Perhaps Mr. Bennett will explain to his audience to-night just what he means by the remarks we have quoted. Meanwhile, let us examine the trade statistics as they relate to this country's business with the Antipodes. For the two fiscal years ending with last March our sales to Australia and New Zealand combined amounted in value to \$72,317,327, and our purchases were valued at \$36,750,100, or a balance in Canada's favor, out of a total turnover of \$109,067,427, amounting to the substantial sum of \$35,567,327. How are these treaties unfair to us?

Mr. Bennett adopts a melancholy tone over what he calls the bitterness of Australia and New Zealand against Canada. What does he propose to do about it, assuming it to exist? We know, of course, that he is opposed to these treaties; but if he would put an end to a bitterness of which he speaks, surely his only practical plan would be to extend more concessions to both the southern Dominions so that they would be able to sell more of their products to this country. For a certain amount of resentment among Antipodean traders naturally might be traced to the fact that Canada is enjoying much the better of the bargain under the treaties.

It is all the more difficult to fathom Mr. Bennett's arguments in the light of his references to unemployment. At Edmonton on Saturday, for instance, he regaled an audience with oratory which figuratively dripped with tears. But at no point in his speech did he give any idea of how he would redeem his pledge, if elected, to put "an end to unemployment" and find "work for all."

The trading arrangements between Canada and the southern Dominions, however, are very closely related to the demand for labor in this country, as Mr. Bennett ought to know. The Conservative government of this province some time ago contributed financial assistance to a delegation of lumbermen who toured the Antipodes with the object of finding wider markets for British Columbia's lumber. They hope that eventually those Dominions will be persuaded to give the products of our forests a preference in their markets so that we shall be able to compete more successfully with United States producers.

Does Mr. Bennett, who is trying to convince the public that he alone has in his keeping the solution of an unemployment situation which is after all but a minor part of a world-wide condition, not realize that if the Smoot-Hawley tariff measure becomes the law of the United States, British Columbia's lumber industry will suffer considerably—one operator putting the loss at \$1,500,000 a year—and that greater sales to the southern Dominions would counteract that disadvantage?

If Mr. Bennett had his way, of course, he would put an end to the treaties with Australia and New Zealand, and with them would vanish completely any prospect of this province increasing its lumber sales in those markets. Mr. Bennett's policy is trade restriction. The King government's policy is trade extension. Trade extension means more employment.

A STATUE TO WOLFE

A STATUE TO GENERAL WOLFE WAS unveiled the other day in Greenwich Park by the Marquess de Montcalm, descendant of that great Montcalm who defended Canada against the victorious British army. This surely was a ceremony filled with stirring memories for Canadians, and eloquent of this country's growth to nationhood. On the fields of Abraham on that thirteenth morning of September, 1759, British and French fought a battle which, in many parts of the world, would remain in retrospect to rankle as a continual source of resentment and disunion. With us, the memorial to the victor in that struggle is unveiled by a descendant of the vanquished. With us now there is no victor and no vanquished, for the greatness of Canada belongs equally to both.

The Wolfe memorial recalls not only one of the greatest moments in the history of our country, but an epic story of gallantry which has few parallels in the history of the British and French races. Wolfe died that morning on the green fields which sweep up to the citadel of old Quebec, after having won Canada for Britain. Montcalm died a few hours later within the walls of the city, knowing that his long struggle to save Canada for France had failed. The glory of the man who won was no greater than the glory of the man who lost. A common soldier's death, after their fight for what they believed to be their duty, wiped out the old enmity and gave them a place of equal honor in the history of this country. Wolfe and Montcalm tower up through the mists of the past, as their battleground towers up above the sweep of the St. Lawrence. Their death together symbolizes for us the union of two races which was to follow them. It is a story in which both the races of Canada may take equal pride. It settled the destiny of Canada as a British and not a French nation; but at the same time it assured the French people a full opportunity to develop their own character, which has contributed so much to our national success. It is peculiarly fitting that the memorial to the British general Wolfe should be unveiled by a representative of France and a member of Montcalm's family. The lesson of 1759 will be completed when Canada erects in France a memorial to the French general, and it is unveiled by a bearer of the name Wolfe.

WIDER, NOT RESTRICTED MARKETS, OUR NEED

A WIDELY-READ WRITER IN THE United States refers in the Sunday newspapers to the anomalous first results of the Smoot-Hawley tariff bill, finally passed by the United States Senate at the end of last week. With the passage of the bill, designed to aid the American farmer, cotton, wheat, oats and rye responded by falling on Saturday to new low levels for the year, and still lower to-day. Cotton went under fourteen cents for the first time in three years. On the stock exchanges of the country, prices of the stocks of the leading industrial corporations fell in the two-hour session on Saturday an average of between five and six dollars a share, and continued their way downward to-day.

If these results indicate anything, it is the futility of aiding either the producer or the industrialist by restrictive legislation, such as this Smoot-Hawley tariff bill, which seeks to profit the home producer by dealing a blow at the foreign trade of the country.

This is significant to Canadians, particularly at this time, as it emphasizes the contrast between the policies of the two parties upon which the Canadian voter is being called to decide. Mr. Bennett and his Conservative followers have espoused the American theory, which seeks to assure prosperity by severely delimiting the nation's markets. As against this, the basis of the policy of Premier Mackenzie King and his Liberal government has been to expand the markets for Canadian producers. In the last few years, this method has been pursued by means of trade agreements with various countries of the world and by the establishment of other contacts, all opening the door for the development of Canadian trade. The Dunning budget is another step in the working out of that policy—with special regard to trade with Britain.

As one of the great primary producers of the world, with a manufactured as well as industrial output far surpassing the requirements of our people, it is not more restricted markets that Canada needs; wider markets are vital to her economic progress.

Up until the war period the expansion of industry in the United States was based on the development of the great west and south of that country. Only since the war has the republic been a factor of importance in foreign trade, pouring its surplus production on to the markets of the world. Now that Washington has embarked on a policy which works to curtail that foreign trade, a greater opportunity is being opened for Canada to extend her markets. But this cannot be done under the restricted trade policy of Mr. Bennett.

PREPARING FOR OUR GUESTS

A NOBSCURE NEWS ITEM FROM THE little town of Kaslo, on the shores of Kootenay Lake, tells an interesting story of British Columbia's development as a great holiday resort. It says that the Kaslo city council is rushing through a loan by-law for money to build modern cottages for the accommodation of motor tourists from the coast, from the prairies and from the United States.

This is typical of British Columbia's preparations in recent years for the tourist travel of the future. All over the province, from Victoria to old Barkerville, accommodation of a character which was never known before is being provided for the growing stream of visitors on wheels. A few years back it was an event to find a reasonably comfortable place to stop, unless you were lucky enough to reach a good-sized town. Often you would have to spend the night in some ramshackle hotel which, for all appearances to the contrary, might not have entertained any other traveler since prohibition closed its bar. Or if you were on a remote road, you probably had to seek dinner and a bed in the nearest farm house.

All this is changed now. Wherever you go you find comfortable hotels. If you prefer the gypsy life of the auto camp; clean, well-kept resorts, usually in picturesque surroundings, are ready for you at the end of the day's run. Our own Island, of course, for long has been admirably equipped, from Victoria to the terminus of the highway system; but on the Mainland the improvement in traveling conditions has been very marked. All along the new Cariboo Road, country hotels, with every comfort and a certain rustic charm of their own, have sprung up, and between them are numerous camps with cabins, stoves and running water, where no one need hesitate to stop.

On the old Cariboo Road the ancient stopping houses, which suffered a decline after the coming of the Pacific Great Eastern Railway, have been spruced up again and offer you a quaint, old-fashioned and bountiful hospitality—well worth the day's journey. Through the green valley of Okanagan, over in the rugged Kootenays and into the very heart of the Rockies, there awaits you every evening a night of comfort and rest, half the delight of that life of the road which so many people are living now-a-days. The tourist business has made these changes, and they in their turn have made the tourist business. All British Columbians, whether they travel themselves or not, benefit by it.

WHAT OTHER PAPERS SAY

ST. LAWRENCE WATERWAY
The Toronto Star

Unfortunately no one is in a position to-day to say there is general support in this country for the waterway. . . . Sentiment was developing normally in favor of the project until the Conservative national convention at Winnipeg was co-opted by Quebec power interests that desired to hold back the development of the Ontario or international section of the river until they had obtained power rights on the Quebec section and marketed the power. . . . Unprejudiced persons will agree that public opinion in its present state, as altered by the national Conservative convention that chose Mr. Bennett as leader and as altered by Premier Ferguson in his reversal of the policy of Ontario, does not warrant Premier King in taking immediate steps to build the lake-to-ocean waterway.

WOMEN OF INDIA
The Boston Globe

The women of India have already taken enough part in the present revolt against English rule to show that they are a real factor in the situation. Let no Westerner, in England or elsewhere, suppose that the feminist revolution is confined to the Western world. It is an impulse that has electrified the globe, manifesting itself in Turkey and in the Far East—in China and in Japan.

THE LOAF AGAIN

To the Editor:—Mr. Bennett, I notice, in his speeches, is weeping crocodile tears over the unemployed, and telling how his heart goes out to them.

While he is in this sentimental mood, will Mr. Bennett please tell us what he would do about the price of bread, which is still as high as it was when wheat was selling at nearly twice the price last summer, and is forty to fifty per cent dearer right here in Canada, where we raise the wheat, than bread is in England. This price of bread is a matter that vitally concerns the poor man right now, employed or unemployed.

VICTORIA WORKER.

LUCIEN KLOTZ DIES IN PARIS

Former Minister of Finance of France Succumbs Unexpectedly

Paris, June 16.—Lucien Louis Klotz, former Minister of Finance in the cabinets of Georges Clemenceau and other premiers, died unexpectedly yesterday.

M. Klotz succumbed while he was being shaved. Although he was in greatly reduced circumstances, he had clung to some of the luxuries of the days when he was great, and always had a barber come in to shave him in his modest furnished flat.

The body was watched last night only by the valet who had served him twenty years, through riches and poverty, and the woman who lives across the hall.

Two Women In Alberta Field For Election

Edmonton, Alta., June 16.—Two women are contesting seats in the provincial elections. Hon. Irene Paribby, minister without portfolio in the last provincial legislature, is again running under the U.F.A. banner in Lacombe riding. In the north country at Goudart, Alberta, Mrs. S. W. Field, a member of the Alberta Liberal board, is campaigning under the U.F.A. colors. In Lacombe, Mrs. Paribby is opposed by J. B. Mackie, Independent, while in Goudart, L. A. Giroux, Liberal member of the last government, is opposing Mrs. Field.

Rev. John Grundy, Former Victorian, Dies in England

Word has been received in the city of the death of Rev. John Grundy, a former member of the Anglican clergy in Victoria, who passed away at his home, Euston Vicarage, near Wells, Somerset, England, two weeks ago. The late Mr. Grundy left Victoria about fifteen years ago, after a residence of seventeen years in this city and district. He was first in charge of the Chinese Anglican Mission here, then became vicar of St. Mark's Church, Boleston Road. He was also associated for a time with St. Barnabas Church, and with Christ Church Cathedral, before leaving for England to take up an incumbency.

Mr. Grundy was the chaplain at the last execution which took place in the old jail on Topaz Avenue.

TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, JUNE 16, 1905

A number of important matters were dealt with last evening at an adjourned meeting of the city council. It was decided that three civic undertakings should be proceeded with forthwith, and namely the construction of Rock Bay bridge, the construction of a new Old Men's Home building upon the site purchased in the neighborhood of the Willows and the continuation of the Spring Ridge sewerage system, which has been interfered with owing to the objections by those through whose property the main must be laid in order to reach Rock Bay.

Weather Forecast—Victoria and Vicinity—Light to moderate southerly winds, chiefly cloudy, with occasional showers to-night or Saturday.

The steamer Princess Victoria grounded at the entrance to the harbor this morning while leaving on her usual trip to Vancouver. She went at fifteen minutes to 8 o'clock, three-quarters of an hour before dead low tide, and remained resting easily on an even keel until the rise of the tide.

To-morrow afternoon the second James Bay Athletic Association regatta for the season will take place over the harbor course from Coffin Island to the club house.

The six-inch guns of Fort Macaulay, skirmishing tactics, field gun drill, etc., were what occupied the attention of members of the Fifth Regiment now in camp last evening. There was an exceptionally large attendance, each company turning out in force.

A time to keep Money in Circulation

Too much emphasis is sometimes placed on what "big business" is doing. Lumbering, railroad-ing, manufacturing, banking—these do not make prosperity. They reflect it.

It is the massed effect of the day-to-day expenditures of the individual that keeps money circulating and the wheels of business turning.

Therefore, let us "buy and sell—build—go ahead—plan and work," each in our own way as vigorously as we know how. That is the best way to hasten the return of prosperity for all.

"Of all countries in the world, Canada is the best place to live in at the present time," said Lord Willingdon in a recent address at Ottawa, and he added: "no country has a brighter future and in a very few years the Dominion will go forward to increased prosperity."

WOMAN DENIES MURDER CHARGE ON THE PRAIRIE

Says She Found Husband Suffering and Called Medical Aid

Craig, Sask., June 16.—Mrs. Dora Peterson, fifty, widow of John Peterson, farmer, who died from hemorrhage administered as he lay in his bed on the night of June 10, now faces a charge of murder. The charge was laid Saturday by Constable Walker, R.C.M.P., following the verdict of a coroner's jury which found death had been caused by fractures of the skull and injury to the brain, hastened by strychnine poisoning. The verdict was an open one, laying the crime to "some person or persons unknown."

Dr. Gibson, who said he had answered a summons to the farm house, said Mrs. Peterson at the time had showed very little concern and simply asked about her husband's condition. Arthur Kneen, Craig druggist, identified an amber bottle as the one which contained strychnine. Mrs. Peterson purchased at his shop at 10 a.m. June 9.

A son of the slain man, Albert Peterson, told of quarrels between his parents. He said there had been three cans of strychnine in the house for more than a year, but that none had been used.

Called Medical Aid
Mrs. Peterson, on being called to the stand, was given the customary warning.

She said that on the day Peterson was alleged to have been slain she had been quarrelling with him. At about 8 p.m. after her son had left to visit Craig, she had gone out to the ry field and on her return heard groans in her husband's bedroom, and summoned medical aid. She denied knowledge of strychnine found in a glass in the room by police, but admitted making the purchase mentioned by the Craig druggist.

Mrs. Peterson's preliminary hearing was set for June 23 and in the meantime she is held at R.C.M.P. headquarters at Regina.

Two Persons Are Killed By Motor Cars And Boy Drowned

Seattle, June 16.—Automobile accidents in the vicinity of Seattle claimed two lives yesterday, while a drowning accounted for a third life, that of a two-year-old boy.

Miss Patricia Connell, sixteen-year-old Seattle High School girl, was struck by a car on Bainbridge Island, where she was at a girls' camp. She died a few minutes later.

George Cody, twenty-eight, also of

The child drowned was Jacques Bundy, son of Mr. and Mrs. Leo W. Bundy. The youngster toppled into the water from a log float attached to the boathouse where his parents reside.

Seattle Professor Killed on Highway

Medford, Ore., June 16.—Word was received here that Dr. Granvil G. Hulse, thirty-five, professor of political science at the University of Washington, Seattle, was killed late yesterday, when his automobile overturned on the Cascade Gorge section of the Grater Lake Highway. His car dropped into a two-foot ditch beside the road and turned over. Rex Ross of Yakima, the other occupant, was not injured.

Cannon Says Quebec Is Solidly Liberal

Solicitor-General Predicts 63 Or 64 of Province's 65 Members in New Commons Will Be King Government Supporters

By J. F. Sanderson, Canadian Press Staff Writer.

Finch, Ont., June 16.—When Federal election returns for the Province of Quebec are counted on the night of July 28, it will be found the Liberals have retained every one of the sixty-one seats they held in the last House of Commons and have gained two. If not three, of the four seats held by the Conservatives. This is the forecast of Hon. Lucien Cannon, Solicitor-General of Canada.

Addressing the Stormont Liberal convention here Saturday, at which Arnold N. Smith of Cornwall, who represented the riding in the last parliament, was nominated, Mr. Cannon said:

"The Province of Quebec at the last election returned sixty-one Liberals and four Conservatives, the latter to represent a dying species so far as that province is concerned. Speaking definitely of the twenty-four ridings surrounding the city of Quebec I can say there will not be one Conservative elected from that district in this election. In the province as a whole the four survivors of 1926 will be reduced to two, if not to one. Quebec is still Liberal, still loyal to the memory of Laurier and his political heir, Mackenzie King."

Mr. Cannon said of Hon. R. B. Bennett, Conservative leader, that he was "the best asset" the Liberals had in the campaign. His platform was "heretofore of construction." It contained "nothing

substantial, only criticism of the record of the Government."

In analyzing the King Government's record, the Solicitor-General referred to its having reduced taxation, decreased the national debt and at the same time substituted annual surpluses for the deficits which were reported by the Conservatives while in office.

NATURAL RESOURCES

Difficulties between the different provinces and the Dominion had been settled, British Columbia had been given back the peace River block and the Railway Belt and the three Prairie Provinces had been returned their natural resources.

THE ALTERNATIVE

After reviewing the Government's record, Mr. Cannon asked the question: "Who will replace the Ministry of Mackenzie King if it is defeated?" "Do you want a return of the 'shadow government'?" It was laughed out of office as a huge joke," he declared. "Have you heard of any additional talents within the Conservative party? Who will take Mr. Lapointe's place? Mr. Cardin's place? Mr. Dunning's place or the places of any of the rest of the cabinet? In Quebec you will not find them. The Conservatives cannot even find candidates there. In Ontario, who are the men who could replace them?"

TARIFF CHANGES

"The main achievement of the Government was the manner in which Mr. Cannon referred to the Dunning Budget. It had special provisions for the farmers in contrast to 'the absolute lack of one piece of legislation for that class in all the years from 1911 to 1921 when the Conservatives were in power.'"

SENATOR SPEAKS

Senator H. H. Horsey, who also spoke, charged the Conservatives with denouncing the Liberals for not doing what they themselves had refrained from doing all the years they were in office.

The name of Mr. Smith was the only one advanced for the convention. He will be opposed by Frank Shaver, Conservative.

PRAIRIE RAINS REPAIR SOME CROP DAMAGE, BUT WARM WIND LOSSES LARGE

Hot, damaging winds were prevailing over the whole of western Canada for the first part of last week and in many parts grain plants were starting to show brown at the surface, indicating an acute dearth of moisture. Soil drifting also occurred at a large number of places in all provinces and cut worm damage was reported from the American border to as far north as the Peace River country. These adverse conditions were for the most part counteracted in Manitoba and eastern Saskatchewan on June 11 and 12 when rain, varying from a steady downpour to thunder showers, visited these areas. In Alberta heavy rains were also reported on these two days in the country south of Calgary and from Stettler north, while south central Alberta had some good local showers, according to the weekly report of the Department of Agriculture, Canadian National Railways.

In Manitoba hot dry winds in the forepart of the week considerably curtailed growth and heavy drifting in light soil areas cut off the young plants at the soil surface, but a steady soaking rain, which lasted from six hours in some districts to fourteen hours in others repaired any damage done and prospects greatly improved. Quite a number of farmers are busy summer fallowing and the breaking of new land has commenced in some of the more northerly districts. Fall rye fields are showing a very uniform stand and many are now heading out. Points reporting the activity of cut worms are hopeful that the recent rain will entirely stop further destruction by these pests. Re-seeding of various fields that have drifted badly will be proceeded with within the next few days and this land will be sown mostly to barley and oats.

Hay crops give promise of being exceedingly good.

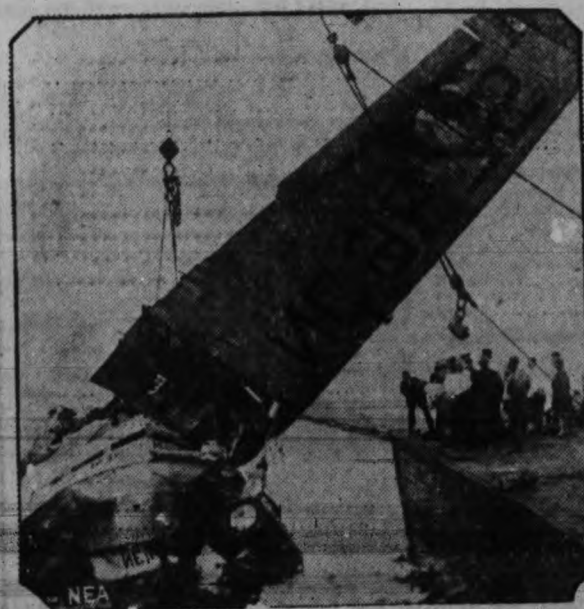

Between Melville and Watrous in Saskatchewan some slight hail damage was done June 11, but rain which followed will counteract this setback. West of Saskatoon, along the Assiniboine and Red rivers, showers were received but precipitation was not sufficient to promote good growth on higher lands and a good soaking is required at all points. In southern Saskatchewan a few light showers fell, but crops along the Bengough Central Butte subdivisions could do with more moisture. Stony Beach reports about fifty per cent of the wheat acreage is a total loss on account of heavy winds and the balance of the crop is being damaged by the activity of cut worms and wire worms. The Craik, Conquest, Dunblane, Elrose and Rose-Town subdivisions need rain badly as hot weather and high winds have practically stopped the growth of crops. Even on the heavy land the crop is beginning to turn brown. Later sown fields have a profuse growth of weeds and unless rain is received soon the crop harvested from such fields will require a lot of twine to bind weeds.

Alberta weather has been warm and dry and the prevailing high winds made crops suffer in the central area. Cut worms were also reported working at numerous points but a few heavy showers have insured that the crop can now regain its healthy appearance, although a good soaking rain followed by hot weather would be beneficial in all districts and is a necessity in others. Farmers in Central Alberta welcomed the heavy rain of Thursday as sufficient rain fell to carry the crop on for a period of from two to three weeks provided high winds do not become prevalent again. In some districts where it looked as if the crop would yield small bushelage, it has been practically assured by the recent downpour that a fair crop will be harvested provided the season's June rains commence within the next few days.

The Peace River country still gives promise of a heavy yielding crop. As much as two and a half inches of rain fell and the drenching which land received should kill the cut worms which were making their appearance in the Wembley, Grand Prairie territory. Crops are in good condition and with some warm weather growth will be fast.

Cattle receipts on western stockyards showed a good increase over the previous week and prices broke to lower levels and some classes are fully one dollar lower than the market quotations of a week ago. The present price on stock and feeder heifers and steers would seem to indicate that the farmer with sufficient pasture could safely invest in a group of cattle of these types. The hog market remains steady.

AFTER BOSTON-TO-NEW YORK AIR LINER TOOK FATAL DIVE

The battered air liner Nippon Maru in which one passenger was killed and fourteen others injured in a plunge into Boston Harbor, is shown here as salvagers attempted to retrieve it from the water soon after the accident. The ship dove into the bay from a height of only seventy-five feet, shortly after taking off for New York, when one of its motors went dead. Hundreds witnessed the fatal crash and saw the occupants fight frantically to escape from the cabin of the partially submerged craft.

Smart Silk Frocks for Summer, \$10.00

Fine Lisle Hose for Women 75c and \$1.25

Fancy Lisle Hose, in non-ladder, lock stitch design. Semi-fashioned legs with double soles, heels and toes. Shades are suntan, almora, naive, allure, lido, sand, black and white. Sizes 8½ to 10. Pair...75c

Columbia W.A.—The regular monthly meeting of the diocesan board of Columbia W.A. will be held on Friday, June 20 at the Parish Hall of St. Luke's, Cedar Hill, at 11 o'clock. At the afternoon session the speaker will be Miss Lonsdale, a missionary recently returned from India.

Chapter to Meet — The regular monthly meeting of the Valentine Harvey-Baumont Bodge Chapter, I.O.D.E. will be held on Thursday at 2:30 o'clock at headquarters.

Pythian Sisters. — The Pythian Sisters of Island Temple No. 8, held their regular meeting on Thursday evening with M. E. C. Mrs. White presiding. The usual business was transacted, during which an interesting report was read by the delegate, Mrs. D. Dodd, who has recently returned from Powell River, B.C., where the annual convention was held. On June 24, Mrs. Smith has kindly loaned her home for a social evening. All sisters and friends are invited. On July 9 a garden party will be held at the home of Mrs. Dodd. There will be home cooking and fancy work stalls, and afternoon tea will be served. It is hoped all sisters and friends will attend.

GUIDES' FETE AT GOVERNMENT HOUSE SUCCESS

Many Patrons at Saturday's Gathering; Smart March Past; Many Attractions

Outstanding success crowned the annual garden party of the Victoria City Guide Association held at Government House of Saturday afternoon, a large throng of visitors being on hand to applaud the 300 smart Guides and Brownies who took part in the opening march past, under the leadership of Miss Aline Stewart Williams.

In the unavoidable absence of Hon. R. R. Bruce, Hon. S. L. Howe, Provincial Secretary, represented the Lieutenant-Governor and also the Premier, taking the salute as the trim young girls passed before him on the east lawn to the strains of the Victoria Pipe Band.

ADDRESS GIVEN — Mrs. Curtis Sampson, honorary president of the local association, representing Miss Wigley, the president, introduced Mr. Howe. Following the address by the Provincial Secretary, one of the Brownies presented Mrs. Howe with a beautiful bouquet of gladioli and delphiniums. His Worship the Mayor and Mrs. Ansonby; Mrs. Bisset, representing the Women's Auxiliary to the Boy Scouts; Mr. H. T. Ravenhill and Mr. R. Bishop, representing the Boy Scout Association, were welcomed by Mrs. Walter C. Nichol, divisional commissioner for South Vancouver Island.

BROWNIES' DISPLAY — Heartily applauded greeted the 120 Brownies who gave a spirited display of drill, games and singing, under the direction of Mrs. L. A. Genge, the smartness and precision displayed by the little girls reflecting much credit upon their leaders.

Arranged around the attractive grounds were a series of prettily decorated stalls, as well as other attractions in charge of Guides, Guides and Brownies, all having their full quota of patrons throughout the afternoon.

Mrs. Stewart Williams, assisted by members of the local association, served tea, and guests of honor at the table included Hon. S. L. Howe and Mrs. Howe, the Mayor and Mrs. Ansonby, Mrs. W. C. Nichol, Mrs. Kinloch, district commissioner for South Vancouver; Mrs. Gale, district commissioner for Victoria; Mrs. G. Phillips, district commissioner for West Victoria; Mrs. L. A. Genge, district commissioner for East Victoria; Mrs. R. M. Malmgren, Mrs. M. D. Fairbairn, Mr. Ravenhill and Mr. Bishop.

The ticket which won the doll's cradle, belonging to Hillside Company, may be seen at Guide headquarters, The usual business was won by Mrs. George. The baby was won by Mrs. George. Betty, was guessed by Mr. N. Stephens and Mrs. Brough, the award going to Mrs. Brough.

Mrs. Margaret of 3075 Milgrove Street, won the doll in charge of the Tiltum pack of brownies, correctly guessing the name, Lydia, of the McCree of Ched Avenue, won the mat with No. 461.

VARIED NUMBERS FOR TO-NIGHT'S BIG BENEFIT

Leading Artists at Shrine Hall; Entire Proceeds to Aid Miss Irene Bick

A programme of wide variety and to suit all tastes has been arranged for the benefit concert to be presented at the Shrine Auditorium this evening at 8:30 o'clock in aid of Miss Irene Bick. Mrs. L. A. Genge and Stewart C. Clark are in charge of the stage settings, and Robert Webb will announce the varied numbers in a novel way. The accompanists will be Kate Conyers, Margaret Adam, Eileen Dumbarton and Beatrice Hicks. Miss Attfield and her pupils will accompany Mrs. Wilson's songs.

The programme in detail follows: Piano—(a) "Dance, Dance, Dance," (b) "Romance," Dorothy Morrison. Songs—(a) "Dream in the Twilight," (b) "O Mistress Mine," Frank Tupper. Recitation—(a) "The Emu's Game of Chess," (b) Selection, Ora Pearson. Violin solo—(a) "Allegro," Adria. Songs—(a) "I Will Not Grieve," (b) "My Love Abode," T. Harry Johns. Piano—(a) Impromptu, (b) Waltz, Marguerite Devlin. Songs—(a) "I don't know," (b) "Amorous Gold Fish," (c) "Where is My Meyer?" Phyllis Rochfort. Playlet—"Jealousy," Marsha and Edmond Corby.

Part Two Songs—(a) "Mes Belles Amourettes," (b) "Alma Flora," (c) "Per la Gloria," Helene de Sussnet. Solo—(a) "The Emu's Game of Chess," (b) "The Emu's Game of Chess," (c) "The Emu's Game of Chess," (d) "The Emu's Game of Chess," (e) "The Emu's Game of Chess," (f) "The Emu's Game of Chess," (g) "The QUIET WEDDING OF DUNCAN GIRL

Miss Willa G. Robson Becomes Bride of George J. Nokes

Duncan, June 15.—A quiet but very pretty wedding took place at the bride's home, Gibbons Road, on Thursday afternoon, when Rev. W. F. Burns, united in marriage Willa Grace, eldest daughter of Mr. and Mrs. T. C. Robson, Duncan, and George J. Nokes, son of the late Mr. and Mrs. J. H. Nokes of Toronto. The color scheme of the decorations throughout was white and blue, with an arch made of ivy under which the bride and groom stood.

The bride, who was given in marriage by her father, made a pretty picture in a dainty ensemble of white and blue, with a ribbon sash of white and blue, and a crown of white and blue. She carried an arm bouquet of delphiniums and Ophelia roses. Owing to the recent severe illness of the bride's mother, the ceremony was very quiet, only the immediate relatives and friends being present.

Many beautiful gifts and messages of goodwill from London, Ont., her former home, from Vancouver and Victoria, were received.

Mr. and Mrs. Nokes left by motor to Nanaimo en route to Vancouver, the bride traveling in a coat of blue. The honeymoon will be spent at a close fitting black hat.

After the honeymoon the young couple will reside at Bute Inlet.

GARDEN CITY

Garden City, June 15.—The Garden City Mission Circle held their monthly meeting on Friday evening in the church. In the absence of the president the vice-president presided. Following the devoted period an interesting topic was discussed. It was decided to hold the next meeting in the Japanese tea garden at the George on July 5, the monthly meeting being called a week earlier on account of some members leaving on vacation.

YOUR BABY and MINE

Mr. Edward will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

WHAT DO YOU WANT TO KNOW?

Some questions pop up so constantly that we sometimes forget to include them in the column. Because we meet them daily, we think all mothers are conversant with them. If you haven't asked typical questions in the past, you've no doubt wondered about them.

"I am writing to you again," says Mrs. A. M. M., "to ask you some questions. Baby is eleven months old and weighs twenty-one pounds. When he is getting one quart of whole milk, should it be boiled? Need it be warmed for him to drink?"

"When can I discontinue putting water in his orange juice?"

"Up to what age should baby have sieved vegetables and fruits?"

BOIL MILK DAILY
Boil the milk daily during the summer months, especially if you are not using pasteurized Grade A milk for the baby or are uncertain of your milk supply or do not have large quantities of ice.

Always do this when you get milk from a city dairy, or from a small town dairy where hygienic measures may not be strictly enforced, or when baby changes milk for any reason, even for the day.

Boil the milk in hot weather. There is no one rule so eminently advisable to follow.

After the milk is boiled it should be cooled rapidly and kept ice cold until

used. When a child is being fed vegetables and cereals and other warm foods at a meal the milk need not be served hot. The child of one year should be taking his milk by cup, and a cup of hot milk is not as appetizing as a cup of cold milk. When the milk is taken from the ice box let baby's cupful stand for a moment in a pan of hot water until it is just cool, and not ice cold. If baby is still taking a bottle at night, that bottle may be warm as warm milk is soothing and sleep-provoking.

ORANGE JUICE PLAIN

Plain orange juice without water can be given after baby is six months old, providing it is mild, naturally sweet orange juice. If the oranges are sour (some of them are at this time of year) dilute the juice to make it more agreeable to baby.

There are no set dates at which vegetables need not be sieved. Usually after about the fourteenth month the child of good digestion can manage unsieved vegetables if they are young and cooked until very tender. Cellulose, which makes up a large proportion of most vegetables, is practically indigestible. This is the portion that gives bulk to the stools and thus stimulates bowel activity. In large quantities it might be irritating to the child, so for young babies this indigestible element is best sieved out. Try some unsieved vegetables for baby and if he takes them easily and shows no unusual well and mawk instead of sieving them.

St. Paul's Garden Party.—Mayor Herbert Aschcomb will formally open the garden party to be held under the auspices of the St. Paul's Presbyterian

Ladies' Aid, at the home of Rev. and Mrs. J. S. Patterson, 879 Esquimaux Road, to-morrow afternoon at 2:45 o'clock.

ALL REAL AIR PILOTS

It begins to look as if a woman's place is in the air. Here are comely members of the Prop and Wing Club, composed of aviatrices of New England states, pictured as they held their summer meeting at the Boston airport. Left to right are Barbara MacKintosh of Boston; Eleanor Spear, daughter of State Senator Arthur Spear of Portland, Me.; Mrs. Guy Ham of Dorchester, Mass.; Lorraine Debern, president of the club, of Brookline, Mass.; Jean Cameron of Boston; Frances Nelson of Beverly, Mass.; Mrs. Teddy Kenyon of Boston, and Mrs. Hoyt of Syracuse, N.Y.

Chapter to Hold Flannel Dance At Yacht Club

The Major John Hebdon Gillespie Chapter I.O.D.E. formerly the Daisy Chain Chapter, will hold a flannel dance at the Royal Victoria Yacht Club, The Uplands, on Friday evening, June 20. Ten Acres orchestra has been engaged for the occasion, and the young hostesses are sparing no effort to make the affair one of the loveliest of the early summer season. The spacious clubhouse lends itself to a summer dance, and it is anticipated that there will be a large crowd of guests. The proceeds of the affair will be devoted to the educational work of the chapter. Mrs. S. P. Moody, the regent, is acting as general convener.

FESTIVAL CLOSED IN EARLY HOURS OF YESTERDAY

(Continued From Page 6)

The Clarke-Hamilton Cup was presented to Allan Watson, winner of the gold medalists' championship competition for men's vocal solos, whose singing inspired Dr. Tyson to exclaim, "What a fine magnificent voice this is!" Mr. Watson's vocal abilities won him the enviable marking of 92.

Yancouver Civic Orchestra, conducted by Lieut. C. J. Cornfield, with an outstanding performance of the Mozart overture, "The Magic Flute," in the orchestral class, recaptured the beautiful Gold Range trophy in spite of strong opposition from several other competitors.

Only one choir gave the complete topical expansion necessary in the test pieces, "How Lovely Are Thy Dwellings" (Brahms) and "The Snows" (Eggar). Dr. Tyson stated in adjudication of the large church choirs. The "David Spencer" Shield was again won by Chown United Church, conducted by Burton L. Kurth.

RYTHMES AND ACTION SONGS
Adjudications at the morning session were conducted by Dr. Staton, who expressed astonishment at the improvement in rhythm, rhyme and action song classes since the occasion of his last visit to the city. Teachers were warmly commended by the adjudicator for the high degree of perfection displayed by the various competitors. Dr. Staton would announce no marks in these classes, merely by presenting awards to the winners. Three shields were won by Franklin School, while first place was also granted to the receiving class of John Norquay School.

During the afternoon colorful and picturesque scenes were enacted in the auditorium, when boys and girls in dainty costumes took part in charming Maypole and folk dances. The classes were conducted by Miss Beatrice Cave-Brown-Cave, who expressed pleasure at the improvement shown in the various classes. She stressed the necessity for avoidance of gymnastic pretension, stating that virility and joyful rhythm were among the essentials. Many shields were awarded dancing classes, while the "Winn" silver cup was won by a group of Mary Isdale dancers with a total of 98 marks.

SATURDAY RESULTS

Results at the B.C. Musical Festival Saturday, are listed as follows:

Class 92—Orchestra (open): Vancouver Civic Orchestra (conductor, Lieut. C. J. Cornfield); 90: New Westminster Symphony Orchestra (conductor, H. D. Mackness); 88.

Class 93—Men's Vocal Solo (gold medalists' championship competition): Allan Watson, 92; James A. Thom, 89.

Class 78—Violin (advanced): Kathleen Walker, 100; Muriel Whitton, 100.

Class 4—Large church choirs: Chown United (conductor, Burton L. Kurth), 177; Queen's Avenue United, New Westminster (conductor, J. F. Paulding), 160.

Class 9—Instrumental Trio (gold medalists' championship competition): Phyllis Cook (Victoria), 190; Isabel Murray, 178.

Class 1—Choral societies (60 voices and over): The Bach Choir (conductor, H. M. Drost), 123; West Vancouver Choral Society (conductor, J. Haydn Young), 170.

Class 15—Dramatized Nursery Rhymes (day schools): John Norquay School (conductor, Miss Mary Partridge); Macdonald School (conductor, Miss Isabel Currie).

Class 16—Nursery Rhymes (grade 1): Franklin School (teacher, Miss Woodside); Macdonald School (teacher, Miss M. L. Smithson).

Class 17—Singing games (grades one and two): Franklin School (teacher, Miss Helen M. Graham); Bayview School (teacher, Miss L. Brandrett).

Class 18—Action Songs (primary or

Perjury Charge Against Capone Now at Miami

Miami, Fla., June 16.—"Scarface" Al Capone to-day faced a perjury charge here, having been arrested Saturday, only a few minutes after he had won a fight against Dade County, which sought to padlock his beautiful home on Palm Island as a nuisance.

County authorities, who have promised to rid Miami of the Chicago gangster, charged he had perjured himself in the warrant he had issued against H. D. MacReedy, director of public safety, whom Capone charged with false arrest.

Capone was held on bonds of \$7,000 on two warrants issued on information furnished by George E. McCaskill, county solicitor.

See Without Glasses

Youth-Health Method

Makes Them Unnecessary

This great scientific discovery corrects quickly and permanently Nearsight, Farsight, Astigmatism, Eye-strain, Weak Eyes, Failing Vision, Old Age Sight, Eye Muscle Trouble, etc. It has helped many thousands of people to recover or secure for the first time perfect vision without glasses. It can do the same for you.

From 2 quarts fruit

5 lbs jam

in

15 minutes!

JUST THINK—two quarts strawberries, 3 lbs. sugar and ½ bottle Certo boiled only a few minutes (follow directions carefully) give 5 lbs. of deliciously colored, deliciously flavored jam!

Remember: jams and jellies made with Certo take only 1 or 2 minutes' boiling—the delicious flavour of the fruit is retained because of short boiling—never a failure to set—half as much again from a given amount of fruit and no waste from failures.

With Certo, the whole year 'round, anyone can quickly make perfect jams and jellies in endless variety from any fresh or canned fruit or fruit juice.

87 Home-Tested Recipes in the Free Certo Booklet

Under the label of every Certo bottle is the Certo booklet, a wonderful mine of information on jam and jelly making. Contains 87 recipes embodying the use of practically every fruit available today, including delicious varieties that never before would jelly.

Recipes are all scientifically worked out—then home-tested and tried. Be sure to follow them exactly—results will delight.

CERTO

- The natural jelling substance extracted from fruit.
- Jells the juice that would have boiled away by the old (long-boil) method.
- Makes 50% more jam or jelly at less cost per jar.
- Saves ¾ the time. Saves the fruit flavour. Saves the fruit colour.

"I used Certo in my prize-winning Strawberry Jam at the C.N.E. (1929). In 1927 I took first prize for Strawberry Jam, using Certo and following the directions in the book that comes with Certo."—Mrs. J. Davies.

CERTO

SHE PLANTED DREAMS

and Harvested Her Hopes...

ALWAYS Ruth was hoping to find time to answer neglected letters; to make new curtains for the front room; and above all, to be a real comrade to little Betty. Yet she was held captive by household tasks—and worst of all time-takers was Washday.

But that was before she made her discovery—the day that our modern laundry service came into her life. Now Washday is a matter

of minutes. She simply gathers up the family washing, and hands the bundle to our laundry routeman!

Now her dreams have blossomed into reality. And hundreds of other women—your neighbors, many of them—have found in our service the way to freedom from old-fashioned wash-day burdens. We have a laundry service that just suits your needs. Phone today for a routeman and let him explain how we can serve you.

Victoria Club Teams Continue To Set Pace In Tennis League

THE SPORTS MIRROR

MEMBERS of the New York State Athletic Commission have ruled that Max Schmeling's name shall not be engraved on the Runney-Muldoon trophy, emblematic of the world's heavyweight championship. William Muldoon, joint donor of the trophy along with Gene Tunney, has declared that no fighter who wins the title on a foul shall have his name engraved on the statue along with the names of other champions, such as Dempsey, Tunney, Corbett, Jeffries, Fitzsimmons, Willard and Sullivan.

It would have been interesting to know what would have happened if the tables had been turned and Sharkey had won by a foul. Schmeling is a foreign fighter and has taken the title out of the United States for the first time in over twenty years. They are seriously talking about reinstating Sharkey with Schmeling already. On what grounds does Sharkey deserve a return bout? He has fouled too many fighters already.

British women tennis players came into their own Saturday when they defeated the U.S. representatives and regained possession of the coveted Wightman Cup. The feature of the series was the splendid fight up by the veteran English woman, Mrs. Phoebe Watson against Mrs. Helen Wills Moody. The U.S. girl was pressed to the limit to win. Wonder if Helen who has ruled women's tennis for three years, is beginning to slip back?

M. Francois Desamps, who brought Gorgous Georges Carpentier to the U.S. was supposed to bend the evil eye on Georges's opponents, causing them to run into the ill-man's falling fists. Jack Sharkey had been written off as a loser, to give his adversary into embarrassment as he sat in his corner before a fight.

The boys will tell you that this is a lot of salami, but if a similar claim is ever made for Mickey Cochrane, the lad Connie Mack of the Philadelphia Athletics calls his "hot cat". Baseball fans are almost prepared to believe it. Something about Cochrane's way with a ball team as he equates there behind the bat has been written once or twice ere now, but day after day Cochrane adds new deeds that seem to indicate he has the enemy under what Professor Hokus-pokus would call the messer.

This gent with the two-column ears and piercing eyes is more than a good catcher.

"He is the motor of the team," Mack once stated.

He is more than that, too, Mr. Mack. He is a grim presence.

He is outwitted what ball players call a "great kidder." He laughs and trades licks with them when they come to bat, but you can't laugh him off when he sits back there and starts semaphoring the slabs.

He is baseball's heavy villain. Mr. Mack could give the game no better likeness of Desperado Desmond were he to put an astrakhan collar on the Mick and paste a set of those phony pointed mustaches away and into New York, where his mates were engaged in an important series with the Yanks.

"It don't hurt much," he told Connie Mack. "I'm ready to work."

Meanwhile, sundry teams had been making merry with the Athletic, and the touted pitchers had been throwing like Bloomer girls. Cochrane, still limping, started both games of a double-header with the Yanks, made two doubles and a single out of three times at bat, caught, 10 innings, and put Connie's faltering fellows back on their feet again. After which the Mackmen got rough with Boston, and fought Washington right out of the league lead.

An umpire declared the other day that Cochrane seemed to have the game lightly and that his attitude of "it's all just in good clean fun, girls," is merely the sheep's clothing that hides the wolf.

"When a batter turns his back to the Mick," said the ump, "and faces the pitcher, you can almost feel yourself that the eyes of the catcher are boring holes right through him that burn him up."

Mickey is a great catcher, all right. And more than that, Mickey is a spook and bodes batter's no good.

Score Victories Over Players From Kingston Street

Retain Position at Top of First Division in Vancouver Island League by 9-6 Win; Score Is 11-4 in Second Division Match at Kingston Street; Gerald Cunningham, Newly Crowned Kingston Club Champ, Defeats Gordon and Edwards; Victoria Women Win at Duncan.

Victoria Lawn Tennis Club players won the interclub league match on Sunday by defeating the Kingston Street first team by nine matches to six. Victoria won eight of the twelve singles and one doubles. In the feature matches, Cunningham, newly crowned Kingston Street champion, downed both Gordon and Edwards and Hocking beat Gordon in the morning match and lost to Edwards in the afternoon match. Cunningham and Hocking defeated Gordon and MacCallum in the first doubles for another outstanding win.

COLWOOD WINS EASILY FROM UP-ISLANDERS

Local Golfers Defeat Up-island Team By Score of 36 to 13 in Match Here

Colwood Gains Big Advantage in Singles; Fourball Matches Fairly Close

Colwood golfers found little trouble defeating a team from the Nanaimo Golf Club yesterday in an interclub match played on the local course. At the end of the day's play Colwood had amassed a total of thirty-six points against Nanaimo's thirteen.

In the singles, played in the afternoon, Colwood gained their big advantage, scoring twenty-two points to Nanaimo's three. The up-island club wielders fared better in the fourballs, gaining eight of the twenty-four points.

STRIBLING AND PORAT WILL MEET

Heavyweights Battle at Chicago Wednesday; Risko Matched With Paolino

Jinx Appears to Be Dogging "Heavies"; Thompson in Non-title Affair

New York, June 16.—Rushing in in where other boxing centres are beginning to fear to tread, Chicago and Detroit both have scheduled heavyweight shows this week and thereby assume the spotlight directed solely on New York and the Schmeling-Sharkey bout last week.

Heavyweight shows all over the country have been jinxed for more than a year, a good share of them ending in fouls or under other unsatisfactory conditions. However, the benches of the ring are sure-fire.

At the Chicago stadium on Wednesday night, Otto von Porat, Norwegian better, who lives in Chicago, battles W. L. (Young) Stribling of Macon, Ga., in the ten-round feature bout. This engagement may well determine to what degree both battlers must be reckoned "in" on the scrawny heavyweight situation. Von Porat is one of the hardest punchers in the business, but Stribling's experience and durability should swing the tide of battle his way.

Hein Muller of Germany, battles Armando de Carlos of Italy in the ten-round semi-final.

RISKO MEETS PAOLINO
Johnny Risko and Paolino Uscudun, two oldsters among the heavyweights, will swap punches in Detroit's big show on Thursday.

Jack Thompson, negro holder of the world's welterweight championship, encounters Joe Cordona of Los Angeles, in a ten-round non-title bout at Los Angeles on Tuesday night. Another big time coast battle will bring together Leo Emanuel, Los Angeles brawler, in a ten-rounder at San Francisco, Friday.

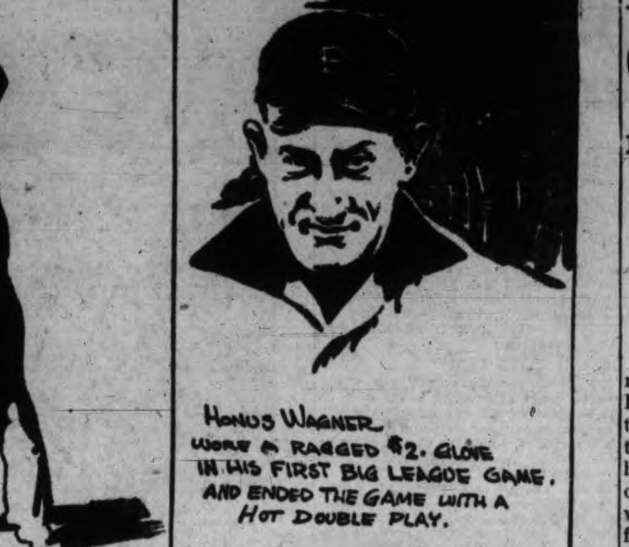

New York has three outdoor outings. Ray Miller, Chicago left hook artist, takes on Sammy White, clever negro lightweight, in a ten-rounder at Dexter Park to-night. On Tuesday, Tony Canzoneri, former featherweight champion, meets Tommy Grogan, lightweight slugger from Omaha, at the Queensboro stadium.

Ebrets Plets card on Wednesday will be headed by a ten-rounder between Pete Latzo, former welterweight champion, and Larry Johnson, hard-punching Chicago light heavyweight.

6-8, 6-1.
E. A. Phillips defeated T. Forbes, 6-3, 6-4.
E. E. McCallum defeated B. Barnes, 6-2, 6-4.
D. M. Gordon and E. E. McCallum lost to E. Hocking and G. Cunningham, 6-3, 6-4.
J. E. Edwards and D. Campbell defeated S. Jones and B. Schwenger, 6-3, 6-4.
D. Campbell defeated B. Schwenger, 6-3, 6-4.
C. H. Rayment defeated S. Jones, 6-1.

Consistency Gives Bert Wilde P.N.W. Open Championship

By Robert Edgren

Bellingham Professional Had Total of 290 for Seventy-two Holes, Scoring 69 and 74 in Final Thirty-six Holes Saturday; Phil Taylor, Victoria, Finishes Second, Six Strokes Behind; Freddy Wood Makes Wonderful Recovery to Lead Amateurs With Score of 302.

Canadian Press

Vancouver, June 16.—With his putter working in sensational manner throughout the final day's play, Bert Wilde, pro at the Bellingham Golf Club, won the P.N.W. open championship at the Shaughnessy course on Saturday when he shot the final thirty-six holes in 143 which, added to his 147 of Friday, gave him a total of 290 which was six strokes better than Phil Taylor of Victoria with whom he toured the final two rounds. Wilde's victory was a popular one due to his marvelous consistency, his four rounds being 73-73-69-74, which beats par by two strokes. In the morning on Saturday he was out in 33, five under par and had a fine chance to equal Dave Black's pro record for the course, but faltered slightly on the last two holes, on each of which he was one over par.

Second among the pros was Phil Taylor with a 296, the other money winners finishing as follows: Dave Black, Shaughnessy, 298; M. Wood, Medford, Ore., 299; Dunc Sutherland, Point Grey, and Ivan Johnston of Portland, each of whom had a 331.

Wilde received a cheque for \$300, Taylor for \$150, Black \$100, Wood, \$75, while Sutherland and Johnston divided the remaining \$75. Neil Christian, Portland, the defending titleholder, was outside the money with a 303, while Walter Pursey, Seattle, a former champion, equalled Christian's score.

WOOD LEADS AMATEURS
Freddie Wood, of the Vancouver club, justified the faith of the local golf fraternity by finishing first in the amateur division, sharing honors with Johnny Jones, pro of Seattle, in heading the list of those outside the first six professionals. Freddie, finishing fourth among the amateurs on Friday, staged a wonderful recovery Saturday to equal the best of thirty-six holes of the two-day event of any of the contestants playing his final rounds in 143—three under par—Bert Wilde scoring the same, 69 and 74. Wood shot a 70 in the morning and a par 73 in the afternoon.

TAYLOR SHOTS WELL
Phil Taylor shot his morning round in 73, one under par, while in the afternoon he was out in 38 and back in 36 for a total of 144. Taylor started in the morning with birdies on the first and second. He made a wonderful shot on the seventh. In the trees close to the fence on the tee shot, he pitched into the fairway and then pitched 175 yards to the green for a par four. During the round he was inclined to hook, but was well out of trouble on his next shot. He was one under for the first nine. He shot the second nine in 35 after taking a penalty on the thirteenth when his tee shot found the ditch.

In his afternoon round Taylor shot birdies on three of the first four holes, he parred the fifth and sixth, but took a six on the seventh when he pushed out his second shot. He was one under for the first nine. He shot the second nine in 35 after taking a penalty on the thirteenth when his tee shot found the ditch.

He was out in 38 coming back one over. Taylor lost a stroke on the sixteenth when he hooked his tee shot into the ditch. He was one over on the home green to finish in 36.

LOCALS SCORE A DOUBLE WIN
Playing good ball behind the steady pitching of Jim Robertson, of the Elks, and Jack Curtis, of the Sons of Canada, a combined club defeated the Friday Harbor club in two games at the Royal Athletic Park on Saturday afternoon. The locals won the afternoon fixture 10-3 and the evening game 9-4.

The afternoon game developed into a pitcher's battle for four innings with neither team scoring a run. In their half of the fifth Friday Harbor drove home two runs, but Victoria came back in the same inning to score four. In the next inning the local team showed home two more runs and from then on were never headed. Jack Morgan playing third base for Victoria crashed out a home run during the game.

WETTER HITS WELL
Victoria collected thirteen hits off Friday Harbor pitcher Robert Scribner and Lawrence Watson. "Doc" was nipped for six safeties. "Doc" Webster, the locals' first sacker, led the hitters with four hits out of as many times at plate for a perfect average. In the evening game Curtis held the visitors to ten hits while Victoria collected a like number off Scribner, but they bunched them to score enough runs to win.

The feature of the two games was the splendid pitching of Scribner, highest-year-old Seattle High School youngster. He pitched seven innings during the day and was credited with twenty-one strike-outs.

Philadelphia Regains First Place in American League

Grove Turns Back Detroit As Yankees Wallop Cleveland

World's Champions Now Enjoy Full-game Lead Over Indians; Gehrig Hits Two Home Runs and Ruth One as Yankees Massacre Cleveland; Record Crowd Attends Game; New York Giants Improve Standing by Beating Cubs; Brooklyn Loses Ground When St. Louis Score Win.

Thanks to the good left arm of Robert Moses Grove and the powerful bats of Lou Gehrig and Babe Ruth, the Philadelphia Athletics are leading the American League again to-day.

Grove's invincible pitching yesterday enabled the Athletics to whip Detroit, 10 to 1, while Gehrig and Ruth were batting the Yankees to a 17 to 10 victory over Cleveland, erstwhile pace setters in the circuit. These two results combined to send the Athletics back into first place by a margin of one full game.

Grove gave the Tigers only four hits, while the A's pounded Sorrell, Herring and Sullivan for fourteen solid blows, one being Jimmy Fox's fourteenth homer of the year. Grove pitched hitless ball for the first six innings, but passed up sufficiently in the seventh to permit the Tigers to score their one run on McGinnis's double and Alexander's triple.

Gehrig hit his sixteenth and seventh, and Ruth his twenty-first home runs in the Yankees massacre of Cleveland. "Hungry Lou" drove in seven runs for one of his best batting days this season. The Yankees pounded Hudding and Shaffner for ten runs in the first three innings and the game was won and lost beyond much doubt. Herb Pennock went the route for the Yankees and pitched no harder than he had to.

The largest crowd, 33,828, that ever saw a game at Cleveland, was on hand. RALLY WINS.

The St. Louis Browns nipped their old playmate, Al Crowder, for two runs in the ninth to nose out Washington, 3 to 2. Crowder, traded on Saturday with Heinie Manush for Goose Goslin, blanked the Browns for six innings but weakened in the closing stages of the struggle. Manush, incidentally, accounted for one Washington run with a four-base drive in the sixth.

In the National League, the New York Giants advanced to within a game and a half of second place, by whipping the Chicago Cubs, 7 to 4. Pete Donohue settled down after a shaky start and held the Cubs safe, while the Giants pounded Blake and Teachout freely. "Shanty" Hogan's homer with two on in the seventh settled the game. Donohue's chief difficulties came from Garby Hartnett, Cub catcher, who pounded out his thirteenth homer, a double and two singles.

Brooklyn lost ground to the Giants by dropping a 9 to 4 decision to the St. Louis Cardinals. The Cards took advantage of five Brooklyn errors to score nine runs on as many hits. Dazzy Vance was not effective as usual and gave way to Ray Moss late in the game. The Robins blundered Grabowski out of the box in the seventh, but could do nothing with Jess Haines. Andy High drove in four of the winner's runs with a homer and a triple.

BRVES BEAT REDS.

In the only other National League game, the Boston Braves beat Cincinnati, 4 to 3, behind the steady pitching by Ben Cantwell. The Reds were blanked for six innings, but pounded Cantwell for two runs in the seventh and one in the ninth before the Braves' pitcher applied the brakes.

NATIONAL LEAGUE.

New York, June 16.—The New York Giants, with Donohue in the box, evened up the series with the Cubs at one each, winning the second game of

the series with late inning rallies. The score was 7 to 4.

Chicago, June 16.—St. Louis defeated Brooklyn 9 to 4 here yesterday, drawing even with the Robins for the series. Andy High led the attack with a triple and a home run, driving in four runs. The Cardinals' pitchers, E. H. E. Hartnett, Donohue and Hogan.

Brooklyn, June 16.—St. Louis defeated Brooklyn 9 to 4 here yesterday, drawing even with the Robins for the series. Andy High led the attack with a triple and a home run, driving in four runs. The Cardinals' pitchers, E. H. E. Hartnett, Donohue and Hogan.

Boston, Mass., June 16.—Cleveland fielded a timely hitting by members of the Boston Braves infield, gave the warriors a 4 to 3 victory over the Cincinnati Reds yesterday. It was the Braves' third straight win.

St. Louis, June 16.—The Cardinals won the series with late inning rallies. The score was 7 to 4.

ST. PAUL'S WIN TENNIS MATCH

Defeat Members of Hillcrest Tennis Club By Score of 16 to 8 on Saturday

St. Paul's and Hillcrest tennis clubs played a friendly match at the former's court Saturday afternoon and resulted in a win for St. Paul's 6 to 8. Hillcrest have always appeared the stronger of the two clubs but the churchmen are better this year than they have been for a long time. In Saturday's match the winners were on the long end upon completion of the women's doubles with five out of six victories and repeated with five more in the men's doubles. Hillcrest won half of the mixed doubles but were too far down to pull the match out of the fire.

The results follow with St. Paul's players being named first:

WOMEN'S DOUBLES.

Miss Parkinson and Miss Stevens beat Mrs. Sweetman and Miss Warburton 7-6.

Miss Parkinson and Miss Stevens beat Miss Wilson and Miss Ramsay 6-3.

Elks Will Meet Eagles To-night In Senior Ball

Elks, leaders of the Senior Amateur Ball League, will oppose the Eagles at the Royal Athletic Park to-night, commencing at 6.15 o'clock. Jimmy Dargatzis will occupy the mound for the Elks, while Lidoone or Brausseau will twist for the Eagles.

QUANTON STARS WITH HIGH SCORE IN CRICKET PLAY

Bats 126 as Five C's Defeat University in Saturday League Match

Albions Too Strong For Victoria Club and Win By Thirty-three Runs

Scoring 136 runs, Eric Quanton was the outstanding batter in the cricket fixtures played Saturday and was, in a great measure, responsible for the Five C's victory over the University Incogs. The Churchmen had a total of 239 for four wickets, while the Incogs were only able to secure 116 runs.

The Albions defeated Victoria by thirty-three runs in the other scheduled game. Scores of the Wanderers and University School, the former won by twenty-seven runs in the first inning. Dunn batted 58, not out, for the winners, while Weaver, with 15, was the only one to reach the double figure mark for the school.

Bosom and Dargatzis bowled well for the Wanderers.

CUNNINGHAM AND B. HARRIS NEW CHAMPS

Defeat Hocking and Gertrude Hickey in Kingston Street Tennis Finals

Cunningham Plays Well to Gain Victory; Jones and Schwengers Take Doubles

Two new club champions, in the persons of Gerald Cunningham and Betty Harris, were named at the Kingston Street Tennis Club Saturday, when they defeated Hocking and Gertrude Hickey, respectively. Cunningham won his match in 5-1, 6-3, 5-7, 6-4, while Miss Harris secured her victory in two, 6-3, 7-5. The other championships were decided as follows:

Men's doubles: Jones and Schwengers defeated Burgess and Hocking in three straight sets, 7-5, 6-4, 6-0.

Miss Harris and Miss Wilson defeated Betty and E. Harris in the semi-finals of the women's doubles and went on to win from Maxine Ewart and Margie Harris in straight sets, 6-4, 6-0.

Mixed doubles: Ray Harris and Bob Schwengers won a semi-final and then conquered Maxine Ewart and Tommy Forbes in the final, 6-3, 6-0.

Cunningham and Hocking opened the programme with Hocking serving. He served three double faults and lost the game. Cunningham won his service point but Hocking could not hold a lead in the game and made many errors.

The second set was well contested with matters fairly even until games reached three all and then Cunningham ran out the set as in the first. He was still getting the lines with the net for Hocking's defence and then the next two for the first set. Cunningham was getting good length with pace and served numerous aces in the set. Hocking could not hold a lead in the game and made many errors.

Hocking made his own offensive effort of the match in the third set by taking the first game, but Cunningham won the set 6-4. Cunningham was getting good length with pace and served numerous aces in the set. Hocking could not hold a lead in the game and made many errors.

Hocking made his own offensive effort of the match in the third set by taking the first game, but Cunningham won the set 6-4. Cunningham was getting good length with pace and served numerous aces in the set. Hocking could not hold a lead in the game and made many errors.

Glasgow Rangers Defeat Chicago Spartas By 4-1

Chicago, June 16.—Scotland's soccer champions, the Glasgow Rangers, yesterday battled through a rainstorm to a 4 to 1 victory over the Spartas of Chicago. Peet Cup winners, at Soldier Field Stadium.

CLUB TENNIS PLAY OPENS

Favorites Come Through in Annual Championship at Victoria Club

Twenty-six matches completed the first day's play in the Victoria tennis club championships which opened Saturday. Some close matches were witnessed but in most cases form prevailed and the favorites got through their first round matches with little difficulty.

Mona Miller and Mrs. Edwards and May Campbell all advanced in the open singles without being extended. The men's matches were much closer and some really fine play was seen. Bert Flett and Eric McCallum figured in a close match in which McCallum managed to stave off defeat. Flett did not fare so well in his opening set but carried the second and made a great bid for the third before going under. Reg Corfield had trouble with Ronald Kirkbride's service in the first set of their match but proved too strong for the newcomer at the finish and only lost three games in the last two sets.

Garrett and Raymond teamed well to defeat Kirkbride and Merston who were conceding a good chance to reach the final but the winners got better as the match progressed and after losing the first took the second and then won the final set at 6-3 after a great fight.

Complete results follow:

Women's Open Singles.

Miss M. Miller defeated Miss Peggie Jackson, 6-1, 6-2.

Mrs. J. G. Edwards defeated Miss M. Hambley, 6-1, 6-3.

Miss M. Campbell defeated Miss Joan List, 6-0, 6-1.

Men's Handicap Singles.

J. E. Bowden, minus 15.3, defeated F. Wickett, scratch, 12-10, 6-4.

Ken Phillips, plus 15, defeated T. A. Pindington, plus 30, 4-6, 6-2, 6-1.

S. Ryall, minus 3-6, defeated W. Merston, minus 15, 2-6, 6-3, 6-0.

C. S. Suggatt, scratch, defeated F. C. Ruben, scratch, 6-4, 6-0.

J. R. Matson, scratch, defeated G. Phillips, scratch, 6-4, 6-3.

Men's Doubles Handicap.

W. Reade and G. H. Walton, plus 3-6, defeated D. Specker and Denbigh, plus 18, 2-6, 6-4.

J. Jackson and Brown, plus 15-3, defeated Delves and Streetfield, plus 15, 6-4, 6-4.

W. Reade and G. H. Walton, plus 3-6, defeated D. Specker and Denbigh, plus 18, 2-6, 6-4.

Men's Open Singles.

E. E. McCallum defeated H. S. Flett, 6-2, 6-4.

W. E. Corfield defeated R. Kirkbride, 6-2, 6-1.

J. Bowden defeated D. H. Bird, 6-2, 6-3.

J. D. Campbell defeated G. Phillips, 6-0, 6-1.

Women's Handicap Singles.

Miss Nan Eve, plus 30, defeated Miss M. French, scratch, 6-1, 6-3.

Miss L. Bryden, scratch, defeated Miss D. Rines, scratch, 6-0, 6-1.

Miss D. Rines, scratch, defeated Mrs. T. Mason, scratch, 6-4, 6-1.

Miss P. Rines, plus 3-6, defeated Miss Jean Campbell, minus 15, 4-6, 6-2, 6-3.

Mrs. J. C. I. Edwards, minus 40, defeated Miss H. Streetfield, scratch, 6-0, 6-1.

Mixed Doubles Handicap.

Miss Joan Bird and D. Specker, plus 15, defeated Mrs. de Salla and H. J. N. de Salla, plus 15, 6-4, 6-8, 6-4.

SOFTBALL.

Champions and runners-up in the first half of the Victoria Softball House League will clash to-night in the first game of the second half at Beacon Hill. The game will start at 8.30 o'clock and will see the "Y" Senior Men, so far undefeated, meet the Swimming Club in what should be one of the best games of the series.

Victoria Junior Cricketers Lose To Mainland Team.

Vancouver, June 16.—Victoria Juniors were forced to relinquish the Cameron Cup here Saturday, when they were badly defeated by Vancouver Juniors in the annual inter-city cricket match by an innings and 142 runs.

The Capital City youths have held the trophy since it was first presented by John Cameron in 1924, but under the captaincy of Vincent Forbes, the mainlander, seven Saturdays outplayed the Capital City boys.

Holmes was the only Victoria boy who was able to solve the local bowlers by making 45 runs in the two innings.

G. P. Grant, 6; Dr. A. P. Barton, 1; H. G. Watson, 0; A. Roberts, 1; V. M. Gallon, 0; Capt. H. E. Roberts, 1; S. House, 0; O. H. Bevan, 0; G. H. Fairchild, 0; F. Hobson, 1; F. J. Sehl, 0; Dr. A. B. Hudson, 1.

Esquimalt Beat Kerrisdale Team In Cup Football

Vancouver, June 16.—In a fast and interesting game at Con Jones Park Saturday, Esquimalt proved too much for Kerrisdale in their Dominion championship tie, the Islanders running in three goals against one for Kerrisdale. A small crowd attended the game, but they witnessed a good exhibition of football, Esquimalt proving to be a fast and clever aggregation. The winners will meet St. Saviour's in the semi-final the next Saturday, at Con Jones Park, this game being one of a double-header. Westminster Royals and Esquimalt meeting in the second game.

SCORE VICTORIES OVER PLAYERS FROM KINGSTON STREET

(Continued From Page 8)

R. Kirkbride defeated L. Huxtable, 6-4, 6-2.

J. Bowden defeated H. Renwick, 6-0, 6-2.

G. Phillips lost to B. Gelling, 6-3, 1-6, 6-4.

T. Christie defeated D. Harrison, 6-3, 3-6, 6-2.

L. Backler lost to L. Alexander, 6-2, 7-5.

C. L. Backler defeated H. Goad, 6-3, 6-1.

R. Kirkbride defeated H. Renwick, 6-2, 6-2.

J. Bowden defeated L. Huxtable, 7-5, 6-4.

G. Phillips lost to D. Harrison, 7-5, 6-2.

T. Christie defeated B. Gelling, 6-3, 6-2.

L. Backler defeated H. Goad, 3-6, 6-3.

C. L. Backler defeated L. Alexander, 6-0, 4-6, 6-0.

Kirkbride and J. Bowden defeated L. Huxtable and H. Renwick, 6-4, 6-2.

G. Phillips and T. Christie lost to B. Gelling and D. Harrison, 1-6, 6-4, 7-5.

L. Backler and G. L. Backler defeated L. Alexander and H. Goad, 7-5, 6-3.

WOMEN'S MATCH.

The results in the women's match between Victoria and Duncan, with the latter players first named:

Miss Goeghegan lost to Mrs. Edwards, 6-1, 6-0.

SHELLY RAISES \$4,000,000 BY TREASURY BILLS

Nine months' treasury bills of the
provincial government, to the amount
of \$4,000,000, have been sold by Hon.
W. C. Shelly, Minister of Finance, at a
price costing the Province slightly less
than 4.25 per cent.
Announcement of this financing
was made over the week-end by the
Minister of Finance, the purchasers be-
ing a syndicate including A. E. Ames
& Company, Dominion Securities Cor-
poration Limited, Wood Gundy Lim-
ited, Canadian Bank of Commerce and
Royal Bank of Canada.
The issue is for Victoria delivery and
payment.

EARTHQUAKE IN PERSIA
Tehran, Persia, June 15.—A severe
earthquake shock was felt on the plain
of Salmas Saturday. The tremors also
were felt at Tabriz.

Cordova Bay

Mr. and Mrs. Foxall of Victoria are
visitors at the Bay for two weeks. They
are staying at McMoran's Auto Camp.
Visitors at the Auto Camp are: Miss
Zarelli, Mrs. Ryve and Miss Ryve and
Miss Dottie Moffatt.
Mr. and Mrs. Wollaston and family
have taken up residence for the sum-
mer at their cottage, "Sleepy Hollow
Camp."

Mrs. Pilmer of Victoria is visiting
here for a few weeks and is the guest
of Mr. and Mrs. Hitchcock, Walema
Avenue.
Mrs. and Miss Fox, Inez Drive, and
Mrs. Harold Fox, Vancouver, were
guests at Zumeret on Wednesday.

SEAPLANE RECORD

New York, June 15.—A world record
was claimed to-day for Boris Sergiev-
sky, who yesterday flew a seaplane
with a load of 500 kilograms (approx-
imately 1,100 pounds) to an estimated
altitude of 30,000 feet at North Beach,
L.I.

ASKS UNION TO STUDY PROBLEM OF UNEMPLOYED

Reeve Crouch Suggests Muni-
cipal Union Executive Pre-
pare For Emergency

Recommending that the execu-
tive of the Union of British Co-
lumbia Municipalities be called
into session immediately to draft
plans for adequately meeting un-
employment problems, Reeve C-
rouch of Saanich has written
Alderman E. H. Bridgman, presi-
dent of the Union, pointing out
the seriousness of the problem as
indicated by existing conditions.
"At this time there should be no
unemployment of men able and will-
ing to work. Yet we find there is a
considerable number of men in Sa-
nich who are idle. This condition must
be general throughout the province,
for Saanich was singular last winter
in having experienced practically no
unemployment of serious character,
while other municipalities were ver-
ging on bread lines," Reeve Crouch ex-
plained this morning.

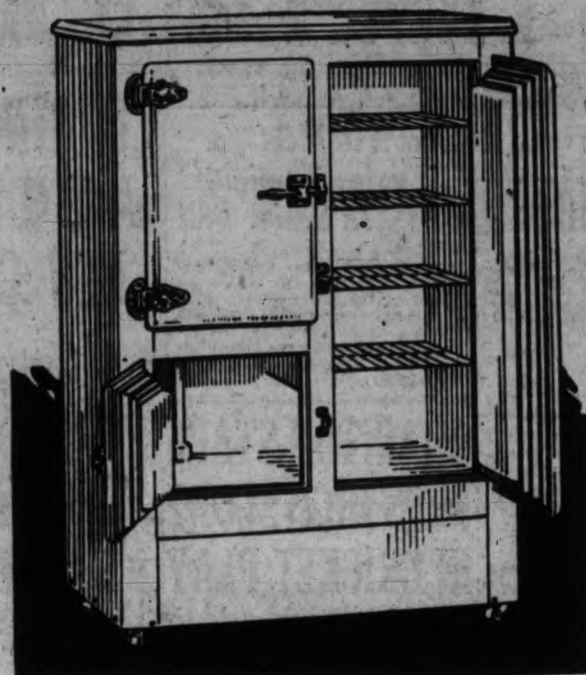

"The time to prepare for such a gen-
eral condition as is now threatening is
well in advance of its arrival. If the
conditions now threatening do not de-
velop, no harm will have been created
by having held a consultation on the
matter. On the other hand, forethought
may save the municipalities large
sums next winter."

"It is my view that the municipalities
should decide what we desire the Pro-
vincial and Federal Governments to
agree to do if an emergency arises,
and exactly how far the municipalities
can go in provision of emergency em-
ployment," concluded Reeve Crouch.

Offered Such
Value In

ICE REFRIGERATORS

A MONTH ago we received a carload of ICE SERVICE REFRIGERATORS, and in a few days almost the entire shipment was sold. Never before had the women of Victoria been offered refrigerators of this quality at prices so low. ICE SERVICE REFRIGERATORS are designed by ice refrigeration experts. They are insulated with 1-inch and 1½-inch corkboard. Cabinets are of selected ash or baked enamel steel with all-porcelain linings. No refrigerator you can buy . . . at any price . . . is more beautifully finished or more efficient in its operation.

The thick corkboard insulation insures utmost ice economy and temperature constantly below the danger point of 50 degrees. Arrangement of the ice chamber at one side permits constant circulation of air. This is an exceedingly important feature in the proper preservation of food. The circulating current of air is moist . . . food is not "dried out" . . . and all odors are eliminated through the wastepipe as the ice cake gradually melts.

Get An Ice Service Refrigerator on Ten Days' Free Trial!

A SECOND carload of these refrigerators has now ar-
rived. Visit our showrooms and see the many beauti-
ful models of Ice Service Refrigerators. See the interior
construction of thick corkboard and porcelain enamel. Your
own judgment will tell you they are built by refrigeration
specialists, and that they will prove economical and
efficient.

But you can prove this to your entire satisfaction by hav-
ing one in your home on TEN DAYS' FREE TRIAL. We
will keep it supplied with ice without charge. If you have
an old refrigerator we will accept it as part payment. A
deferred payment plan is also offered for your conveni-
ence. Prices of ICE SERVICE REFRIGERATORS are
from

\$27.75
and Up to
\$99.00

Refugees Drifted In Boat at Sea

Sofia, Bulgaria, June 16.—Terribly exhausted after drifting eight days on the Black Sea, forty refugees from Russia arrived at the Bulgarian port of Varna, according to a dispatch received here to-day.

The party, which included fifteen women and four children, said they had

left Cherson, Russia, in a sailing boat, they lost their bearings during the voyage, which is between 300 and 400 miles. They refused to say why they had fled from Russia.

CLEAN HATS

Most women do not realize that good straw hats can be cleaned with a brushing and cleaning fluid and, when dry, can be pressed with an ordinary iron on the ironing board, if done very carefully. A new ribbon and a clean lining then make the hat like new.

BODY OF SPEED BOAT VICTIM IS RECOVERED

Segrave's Mechanic Watch-
ing Engine When Disaster
Overtook Them

Windermere, Eng., June 16.—While a hearse was slowly traveling to London Sunday with the body of Sir Henry O. Segrave, the body of his mechanic, Victor Halliwell, was recovered from Lake Windermere. Both lost their lives when Sir Henry's speed boat, the Miss England II, met disaster last Friday.

Searchers had worked day and night since the accident trying to recover the body of Halliwell. A pencil was clamped in one of the dead man's hands and a piece of paper in the other. Officials believed he was taking notes on the engine's revolutions and the boat's speed when the accident happened.

The body was found twenty yards from the spot where the Miss England sank. Arrangements for the funeral of the late Sir Henry Segrave have not yet been completed, but it will probably take place Tuesday, with cremation to follow.

It has been estimated the swift boat had recorded a speed of 119.8 miles an hour just before the accident. A. V. Peck, rear commodore of the Windermere Boating Club, 10-day exhibitor, had calculated the speed with a stop watch from a launch at the starting line.

GARDEN PARTY AT STRAWBERRY VALE

Young People of District
Sponsor Successful Event

Strawberry Vale, June 16.—Clear skies and bright sunshine contributed largely to the success of the garden party held by the Young People's Club of Wilkinson Road United Church on Saturday afternoon and evening.

At 3:30 o'clock Reeve Crouch opened the affair and from then until 10 o'clock in the evening many visitors attended. Many and varied were the attractions offered. Tennis, croquet and out door checkers were enjoyed by many. Selections by the Salvation Army band and a splendid programme of music and recitations were given in the evening. The grounds were lighted by many colored lights kindly loaned for the occasion.

Douglas Duncafe, president of the club, ably directed the various activities, and in his address as chairman expressed thanks to all who had so freely contributed to the success of the affair, especially Mr. Farran, the band and those assisting in the programme, at the booths.

The following programme was enjoyed: Piano solo, Miss Mulligan; vocal solos, Mrs. Pebernatt and W. R. Woods; Scottish dances, Owen Dewar; recitations, Audrey Nixon; chorus by the Misses Dora Pink, Dorothy and Edith Hodgson and Catherine Falkney.

In the booths afternoon tea and light suppers were served, with Mrs. Quirk, Miss Congdon, Mrs. Burnett and Miss Miller in charge. Ice cream and lemonade, Mrs. W. J. Jones, Mrs. Stevens, Pringle and Miss Tetheridge in charge. Candy and bean guessing contest, the Misses Evelyn Brooks, Jessie Oliver, Helen Cochran and Mrs. Murray, the contest being won by H. S. Pringle. Character reading, Mr. Pennock; fortune-telling, Mrs. Youell, Mrs. Alcock and Mrs. Birkett; checkers, spin the milk and nail driving contest, Brodie Quirk; touch and take, Bessie Falkney and Olive Lynn; croquet and clock golf, Bryon McNeill, tennis, Charlie Miller; box dogs, Mrs. Huntington; cashier, Willard Ireland.

SURPRISE PARTY

A delightful surprise party was given to Mrs. J. Hall at her home on Powell Street on Friday evening by members of the Strawberry Vale Women's Institute. The occasion was an expression of appreciation for the splendid work done by Mrs. Hall during several years in which she has held the position of secretary to the institute, and in a very general feeling of regret at her retirement from the office, owing to removal from the district. A beautiful handbag, together with a bouquet of flowers, was presented to Mrs. Hall on behalf of the institute, and a most enjoyable evening was spent by all.

Mr. and Mrs. R. E. Witt of Seattle are the guests of Mrs. Hall's father, C. L. Griffin and Mrs. Griffin, Wilkinson Road.

E. McDowell spent the week-end as the guest of Mr. and Mrs. Falkney, North Road.

PROBATE GIVEN MANY ESTATES

Probates and administrations issued out of the Supreme Court last week were as follows:

Janet Armstrong, late of Victoria, died May 3, 1930; estate \$7,840.

—Main Floor, HBC

Sun Glare

Modern athletes have learned that success depends largely upon the condition of their eyes. They know that glare weakens vision, that it causes inaccuracy, misjudgment of distance, a blurred condition that prevents correct sight.

This glare can be avoided by wearing glare-filtering lenses. Let our Registered Optometrist demonstrate to you the cool comfort that is obtainable with these lenses. They not only prevent glare fatigue and strain, but they make you see more clearly and accurately by removing the blurring veil of glare from light.

Firestone Oldfield GUM-DIPPED TIRES

MEDIUM-PRICED!

RUGGED, powerful and of good appearance, Firestone-Oldfield Tires give extremely low-priced mileage. For the man who wants a medium priced tire to give long, dependable mileage, they are outstanding.

Built of high quality materials and containing all the advantages of higher priced tires, Oldfields are the most economical of all lower priced tires. The deep, rugged tread, scientifically designed for positive traction and road-gripping safety. Under this tread is a tough, heat resisting body made of Gum-Dipped cords for extra long life. Firestone-Oldfield tires carry the Manufacturers' standard warranty.

Your nearest Firestone Dealer has a complete stock of Firestone-Oldfield tires. Let him show you what a splendid tire you can get for such a moderate price.

HOUSES AND ACREAGE

OAK BAY—JUST COMPLETED

JUST THE HOME FOR A RETIRED
couple; quiet location; step to the car
or bus; of very artistic design and with all
the latest modern features. This little home
was built by the owners for themselves and
no expense was spared in equipping it for
comfort in every way. Has only been occu-
pied for a few weeks and owing to ad-
verse circumstances it must be sold.
Beautiful little 5-room bungalow with best
of sea water heating, and in an excep-
tionally nice location. Do take a look at this
before you decide elsewhere, as it is excep-
tional value.

OBITUARY

The death occurred on Saturday evening at the Jubilee Hospital of John Wye McKee, 1725 Coronation Avenue, aged eighty-three years. The late Mr. McKee was born in Ontario and had resided here for seven years, coming at that time from Red Deer, Alta., where he had been one of the early pioneers. He is mourned by a son, Fred, with whom he resided; two daughters, Mrs. H. H. Jamieson of Sylvan Lake, Alta., and Mrs. V. McMechan in Vernon, B.C., and also one brother, S. E. McKee of Benalto, Alta. The funeral will take place on Tuesday afternoon at 3 o'clock from McCall Bros. Funeral Home. Interment will be in Royal Oak Burial Park.

Edward Alexander McLeary, aged three years, son of Mr. and Mrs. Andrew McLeary of 2930 Bridge Street, passed away at the family residence this morning. The funeral will take place on Tuesday afternoon at 1:30 o'clock from McCall Bros. Funeral Home. Interment will be in Royal Oak Burial Park.

The death took place yesterday at the Jubilee Hospital of Mrs. Viola May Smith, aged twenty-four years. She was born in London, Ontario, and had resided in Victoria for thirteen years, recently residing at Eatevan Point, B.C. She is survived by her husband, Nelson J. Smith and infant son, of this city.

Many friends attended the funeral of Richard Coles, which took place on Saturday afternoon from Douglas Street Baptist Church. Rev. F. W. McKinnon conducted the service, during which the hymns "Now the Sowing" and "Abide With Me" were sung. "Some Day the Silver Cord Will Break" was also sung as a solo by Mrs. McKinnon. The I.O.P. Court Far West Cariboo, No. 743, was represented by P.O.R.A. E. McEachern, C.R.A. W. Moffat and R.S.W. Haggan. Interment was made in the family plot at Ross Bay Cemetery. The following acted as pallbearers: W. Tyson, T. E. Reason, S. Woodward, P. MacKintosh, J. Hetherington and F. Humphrey.

Funeral services will be held at the R.C. Funeral Home to-morrow morning at 10 o'clock for the late J. C. Butterfield of Mount Newton Cross-road, who passed away on Saturday. Interment will be in the cemetery at Mount Newton. Mr. Butterfield was a nephew of the late Hon. E. G. Prior, was a native of Leeds, England, and when he settled in British Columbia forty years ago, was engaged in the shipping business in northern British Columbia. Fifteen years ago he retired, and had since occupied himself in poultry farming. He is survived by Mrs. Butterfield and one daughter, Miss Hilda Butterfield.

GYROS URGED TO CHAMPION RIPPLE ROCK

R. T. Williams Tells of Vancouver Island's Prospects as Peace River Outlet

Gyro Club Annual Picnic Will Be Held July 9 at "Ardmore" North Saanich

"Vancouver Island is the natural southern outlet for the Peace River district. We in Victoria should get together and boost this matter. In Ripple Rock we have a good thing, the best thing that was ever offered Vancouver Island, and I do hope that all of you will join hands and give our island as good a chance as anywhere else is getting the business that the Peace River will bring in the future." In these words R. T. Williams, champion of a bridge across Seymour Narrows, advised members of the Victoria Gyro Club to get behind the movement for a span across the Narrows when speaking before the Club at its weekly luncheon in the Empress Hotel to-day.

Mr. Williams exhibited some photographs which he made several years ago when visiting Seymour Narrows, and took the members of the club over the ground in question by using a large map of the district. He said that many people in Victoria had the idea that a bridge across Seymour Narrows was an almost impossible thing, and would cost at least \$20,000,000. These people were wrong, Mr. Williams said, and pointed out that a great bridge recently constructed in Quebec with a span of 1,100 feet had only cost \$375,000. An immense steel truss bridge, continued Mr. Williams, with thirteen large spans, had been put up without much trouble and had not cost any fabulous sum. That bridge is thirty times larger than one that would cross Seymour Narrows. The speaker also referred to a bridge that had been built in South Carolina and said it cost only \$4,000,000. It was 1,000 feet in length and had several spans of 1,000 feet each, Mr. Williams said.

"Don't let all the trade go to Vancouver," Mr. Williams said. "Vancouver says that it is the only southern outlet to the Peace, and is spending millions of dollars to prove that statement. I think Vancouver is wrong. It is good a chance of becoming this outlet as Vancouver, and I feel convinced that if we stand together in this matter we can put it over."

"Build a bridge for your motor traffic," the speaker said, "and then the railroad companies will be fighting to put rails across. Do not structure about railroad bridges. They will take care of themselves when we get the motor bridge there."

In conclusion, Mr. Williams urged every gyro to become a booster for a bridge across Seymour Narrows from Butte Inlet on the mainland to Vancouver Island.

The speaker was heartily thanked for his educational address by Frank Burton, president of the club, who said that Mr. Williams had been a resident of Victoria for the last seventy years, forty of which he had been studying the Ripple Rock question and the prospects for a bridge over the Narrows.

The Gyro Club picnic will be held this year on Wednesday, July 9, at "Ardmore" North Saanich, it was decided by a vote at to-day's luncheon. Waldo Skilling and Gordon Ogilvie were introduced as new members of the club by Roy Manzer and Vaughan Thomson was welcomed back after an absence of several months.

During luncheon the Gyro Club orchestra, with Charlie Hunt at the piano, rendered selections.

There passed away yesterday at her home, 48 Howe Street, Mrs. Jane Taylor, widow of Joseph Wm. Taylor of this city, and daughter of the late Edward Marshall of London, Ontario. Mrs. Taylor was born near London, Ontario, eighty years ago and had been a resident of this city for two years. There survive three sons, Roy, Harry and Vanderhoof, B.C., and Roland, of Vancouver, and two daughters, Miss Terpi Taylor, at home, and Mrs. Jeffrey Geoffrey, of Limer, Oregon. The remains are resting at the Sands Funeral Chapel, and the funeral will take place to-morrow afternoon, the cortege leaving the chapel at 1:30 o'clock and 2 o'clock services will be conducted at St. John's Church by Canon F. A. P. Chadwick. The remains will be laid to rest in the family plot at Ross Bay Cemetery.

Many friends attended the funeral of Richard Coles, which took place on Saturday afternoon from Douglas Street Baptist Church. Rev. F. W. McKinnon conducted the service, during which the hymns "Now the Sowing" and "Abide With Me" were sung. "Some Day the Silver Cord Will Break" was also sung as a solo by Mrs. McKinnon. The I.O.P. Court Far West Cariboo, No. 743, was represented by P.O.R.A. E. McEachern, C.R.A. W. Moffat and R.S.W. Haggan. Interment was made in the family plot at Ross Bay Cemetery. The following acted as pallbearers: W. Tyson, T. E. Reason, S. Woodward, P. MacKintosh, J. Hetherington and F. Humphrey.

Funeral services will be held at the R.C. Funeral Home to-morrow morning at 10 o'clock for the late J. C. Butterfield of Mount Newton Cross-road, who passed away on Saturday. NEWS IN BRIEF

The City Hall is being equipped with a new exchange in connection with the forthcoming installation of the dial telephone system.

W. E. Burnett was fined \$5 in the City Police Court this morning for failing to observe the stop sign at the intersection of Fort and Bank Streets on June 11.

The executive council and house committee of the Vancouver Canadian Legion, will meet at 8 o'clock this evening in the board room at the club's new headquarters, Fairbanks-Morse Building, corner of Johnson and Broad Streets.

On Wednesday afternoon next, from 9 o'clock to 5:30, and from 7 o'clock to 9 in the evening, there will be a display in the auditorium of the Lamson Street School, an exhibit of pupils' handiwork. At 3:30 o'clock a number of the girls will parade to show the dresses made by them in the home economics class.

Victoria branch members of the B.C. Goat Breeders' Association paid a friendly visit to Cobble Hill members on Sunday. Henry Trinder was visited first and this breeder's fine herd of Toggenburgs was inspected and much admired. His herd also is a splendid animal, and among many good does he has one which has given five and a half quarts in a day. The Lockwood herd of Saanens was next visited and here again an attractive lot of fine animals was seen. A modern and well-equipped barn. On the way back the afternoon was spent at Mill Bay where an enjoyable picnic was held.

DON MARTYN AND FAMILY SAFE HERE

Party Feared Lost in Sudden Storm Yesterday Evening Make Delayed Arrival

Fear for the safety of Lieut.-Col. Don Martyn, D.S.O., officer commanding the 16th Canadian Trench, his wife, son and daughter, who were thought to have suffered an accident while returning from Pender Island to the storm yesterday evening, were dispelled late this afternoon, when Colonel Martyn arrived safe at the Royal Victoria Yacht Club. The party had left Victoria Friday evening on Col. Martyn's thirty-five foot cabin cruiser "McGaw" for their summer home on South Pender Island.

When Col. Martyn failed to appear at his office this morning, anxiety was felt for the party whom, it was thought, might have been caught in the sudden storm.

Reading for Victoria yesterday evening, the Colonel drove into the full blast of the storm. Unwilling to take any chances with his family in the tempestuous sea he turned about and for Garrison Bay on San Juan Island, where he remained until he was able to bring the boat back this morning.

STUDENTS OF HIGH SCHOOL GIVEN PRIZES

Alex Marling and Kenneth Ross Share Honors For Prized Leader-Cup

Many Other Athletic and Academic Awards Made During Presentation To-day

Prize winners of Victoria High School, both in athletic and academic fields, were honored by the institution this afternoon when they gathered in the school auditorium for the annual presentation of awards. Track trophies, won at the recent school meet and prizes for outstanding scholarship among the students were distributed to the different winners during the ceremony.

Outstanding was the presentation of the Leader Cup, the highly prized award given to the boy showing the highest combination of scholarship, student leadership and general character during the year. The trophy was awarded jointly to Alex Marling and Kenneth Ross, both of outstanding scholastic ability and one very active in school activities, tied with Ross, the president of the students' council, another prominent lad in the academic field.

FINE ACHIEVEMENT
In the lower grades the achievements of Joan Pears were particularly noteworthy. She took first place in four subjects with marks in each of over 90 per cent. In history she led the class with 96, while in mathematics her marks were 94 per cent. She also attained a mark of 95 per cent in Latin and 91 in French.

Although leading in these four subjects, Miss Pears was only able to receive one prize. She chose the Latin award and allowed the others to go, by reversion, to the students next in rank.

Carol Copeland, with a mark of 93 in the Great X Latin class, took second place also tied for first honors with Sue Lee in French with the same percentage.

ACADEMIC AWARDS
The list of academic awards follows: English literature—Grade X, Gordon Brown, 87 1/2 per cent; Grade IX, Margaret Ferguson and Peggy Bartle.

History—Grade X, Lottie Anderson 97 1/2 per cent; Grade IX, Joan Pears (90 per cent); by reversion to Linda Smith (97 per cent).

Mathematics—Grade X, Geoffrey Lee, 90 per cent; Grade IX, Joan Pears (90 per cent); by reversion to Peggy Bartle (92 per cent).

United Typewriter expert typists, present to Adeline Sangster (91 per cent); Grade IX, Joan Pears (95 per cent); Grade X, Geoffrey Lee (90 per cent); Grade IX, Joan Pears (90 per cent); by reversion to Peggy Bartle (92 per cent).

French—Grade X, Sue Lee (93 per cent), with Carol Copeland; Grade IX, Joan Pears (91 per cent); by reversion to Beatrice Hastings (87 per cent).

Science—Grade X, chemistry and physics, Harold Halka; Grade IX, general science, Robert Linnell.

Botany—Eileen Scholten.

STEINWAY

THE INSTRUMENT OF THE IMMORTALS

Monday Evening . . . at the Shrine Auditorium . . .
A Musical Event of First Importance

Irene Bick Benefit Concert

On an occasion when so many gifted artists are to present such a magnificent musical programme, there is only one piano that could be chosen to meet every demand . . . the great Steinway, "Instrument of the Immortals."

Choosing a piano for the home calls for the same judgment of musical value, and that is why the Steinway is the preferred piano in tens of thousands of homes where good music is appreciated.

ADVERTISE IN THE TIMES

TO-DAY'S GRAIN MARKETS

Winnipeg, June 16.—Wheat experienced another day of liquidation, the market running into heavy stock loss selling and acting very heavy with prices breaking from 5 1/2 to 5 3/4 cents for the sixth day in succession getting into the daily bids. The market was active throughout a moderately large trade passing and while there was some good buying at times that was for foreign account, shorts covering at the time with buying against bids, the offerings were heavy and appeared to increase on the bulges that took place from time to time which made the upturns impossible to hold the market, reached the lowest points during the last half hour.

For the first time in seven years, Winnipeg wheat sank below the dollar mark. The July month touching 90 1/2 to-day while all deliveries made new lows for the year. Chicago was also weak, their July reaching 85 1/2 on the extreme decline. There was very little export business over the week-end, only a few odd loads being confirmed out of this market. There was a fair demand for all grades of cash wheat, but with spreads unchanged to 1/4 better on certain grades, but offerings were only moderate. Flour trade continues very quiet.

Further good rains or showers were again reported to have fallen over the Canadian west during the past forty-eight hours, which has undoubtedly put the country in good shape from a moisture standpoint. Temperatures have been quite cool but are warming up.

World shipments last week totaled 12,775,000 bushels of which North America cleared 7,701,000 bushels. On passage supplies amounted to 1,512,000 bushels. The Canadian visible supply increased 2,169,999 bushels, while the United States visible decreased 2,148,000 bushels. Some short covering at the finish pulled the market up a little but did not look very strong. Wheat closed 4 1/2 to 4 3/4 lower.

Corn grain—Oats and barley held firm and were fractionally higher most of the day. A good business over the week-end was reported but mostly in the low grades to eastern Canada. Rye was weak in sympathy with the break in wheat; demand for rye extremely poor. Oats closed 1/4 to 1/2 lower; barley 1/4 lower to unchanged and rye 1/4 lower.

Flax—Little easier, tendencies to close lower. No trade of any consequence.

(By Branson, Brown & Co. Ltd.)
Chicago, June 16.—Wheat—Liquidation was in evidence to-day, and while covering was heavy with free buying against the liquidation, the market was amount to much most of the session. Demoralizing features were the declines at Liverpool and Winnipeg, the further decline in stock market, and the generally favorable weather which now prevails in about all the leading wheat growing sections of the world.

New buying was probably discouraged by prevailing weakness in all stocks and commodity markets. General run of news was ignored and no attention was paid to heavy rains in parts of southwest, which were said to have caused some damage, especially in Oklahoma.

Visible supply decreased 2,148,000 bushels. Primary arrivals 1,512,000 bushels. The Canadian visible supply increased 2,169,999 bushels, while the United States visible decreased 2,148,000 bushels. On passage supplies amounted to 1,512,000 bushels. The Canadian visible supply increased 2,169,999 bushels, while the United States visible decreased 2,148,000 bushels. On passage supplies amounted to 1,512,000 bushels.

Liverpool closed 2 1/2 to 3 1/2 lower, with Buenos Aires 2 1/2 lower at midday. Export business moderate, according to Winnipeg reports and the seaboard said total sales 2,000,000 all positions since Saturday. It would seem that with a decline as drastic as the present one, end-of-liquidation would be nearly in sight, leaving the market in position for at least a good rally.

Corn—As in wheat the pressure to sell was the principal feature in corn and in spite of free covering, rallies did not hold. Weather conditions were favorable and the market was affected generally by the weakness in stocks and commodities prices. Receipts were 214 cars, estimated, with primary arrivals 1,118,000 bushels against 1,235,000 a year ago.

Oats—Good declines were registered in oats, the story being the same as in other grains, the liquidation being heavy and fairly general. Visible decreased 154,000 bushels.

Crash Carries Wheat in Winnipeg Under \$1

With a sickening thud, the wheat markets of the world crashed to-day. Liverpool led the way down and Chicago and Winnipeg followed and did not stop in their tumble until they had broken more than five cents a bushel. Winnipeg July wheat broke under the dollar level and at one time sold as low as 84 1/2 cents.

Bearishness was stimulated by the passage of the Hawley-Smoot tariff, as it realized now that that measure will cut off a large part of the export trade of United States, and leave the country with greater surpluses of grain than ever.

Liverpool, June 16.—There have been further rains in the west and there is now plenty of moisture for the time being. Further rains have occurred in some parts of the southwest.

Thunderstorms and showers have occurred in Manitoba, while in Saskatchewan and Alberta weather has been for the most part fair. It has been very warm in eastern Canada and comparatively cool in the west. There were some showers over the week-end; Regina clear, 60 above, no rain; Saskatoon, fine, clear, 55, no rain since Saturday; Calgary, 55, clear no rain; Edmonton, east wind, clear, 72, clear over week-end; and Hot, Winnipeg, cloudy, northwest wind, 58, had several good showers over week-end, ground somewhat dry.

The spring wheat crop both north and Canada seemed somewhat earlier than usual which gave promise of the usual fast resistant growth due to an early seeded crop. However, cold and dry weather since seeding has retarded growth to such an extent that the crop has lost its advantage and in consequence is due for a spell of rapid growth between now and harvest to catch up, and in doing so will produce sappy and thin straw, liable to serious rust damage. Black rust has been found in southern south Dakota around July 1 in most past seasons. The condition of weather from then on determines the extent of spread and damage.

Toronto Mining Market

Canadian Press
Toronto, June 16.—Prices continued downward to the close on the standard stock and mining exchange to-day and the afternoon added further to the forenoon losses. Many new lows for the year were established.

International Nickel closed at \$22.33 for a net decline of 35.50.

Noranda hung around 24.50 for the week-end, but fell to 24.00 to-day, slipped 35 to 37.50. Home Oil was down 65, and Chemical Research 75. Other losses were ranged from 8 to 20 cents. Linkers were down from 10 to 15 cents, and the golds from 5 to 10 cents. Kirkland Lake and Granada moved against the general trend.

TODAY'S REPORTS ON CALGARY OILS

By Special Service of Miller, Court & Co., Victoria Office

Homestead's underestimated value is reflected in the present market value. The present price of 38 places a total valuation on the company's property of \$135,000 owing to the fact of the company's low capitalization of 500,000 shares with 450,000 shares issued.

The company received its first production cheque last week and, having eliminated drilling trouble and secured their regular flow back, are in a position to show earnings sufficient to pay the total capitalization back in six months. These figures are based on present production of 175 barrels per day.

Calmont No. 1 held up for several days to repair drill pipe. Calmont No. 2 on production test with 1,200 pounds at well head.

Mercury No. 3 to be shot with nitro glycerine at 300 feet in the line. Official state operation may be done to-day.

Mercury No. 3 preparing for second separator to handle flow which was reported to have increased to 18,000 cubic feet per day. One separator is now 150 barrels in twenty-four hours without application of back pressure.

Mercury No. 5 drilling in upper Dakota.

NICKEL SLIPS TO 21, LEADING FALL IN TORONTO

Toronto, June 16.—Culminating weeks of general reaction, nickel traded on the Toronto stock exchange market broke from two to three points to a new low of 21, leading the fall in Toronto.

The latter sold down to 20, while the preferred brought out a few days ago at 70 1/2, sold at par, Walker's reacted under nine, only a fraction above its low for the year.

By
Mrs. ROMILLY FEDDEN

The pianist struck the first note of a popular bolero. The salls stamped approval and the curtains parted. Two men in evening dress came striding into the centre of the stage and stood for one moment challenging the room. Then they bowed and disappeared. A squat figure, her small bust and waist held close in a straight bodice of silver, the skirt of emerald and silver, came above her little scarlet shoes. Her little head, banded with black hair, was bowed down. She was silent. The salls roared; her face was asquand!

(To Be Continued)

atches from Escampavia Cabrales said that three members of the crew of the steamer Lagunas had lost their lives in the terrific Chilean storm last Thursday night, with three others of the crew and one passenger missing. Captain Christiansen, master of the ship, and eight others were picked up.

CHAPTER IX

"A drink before you go up?" Rositer was hospitably insistent, standing by the tray set invitingly near the fire. "Not to-night, sir, if you don't mind."

What's Wrong With the Modern Home? **Dorothy Dix** Finds it Impossible to Acquire "Home Feeling"

A CORRESPONDENT asks me: "What's the matter with the modern home?"

Well, to begin with, too often it lacks permanency. It is on wheels, literally and figuratively. Children are born in hospitals. They are reared on the street. They spend their lives moving from flat to flat. They entertain their friends in hotels and restaurants. They are buried from undertaking establishments and the only permanent residence they ever have is their graves.

Now, nobody can have any sentimental feelings toward the baby ward in a hospital. Nobody can have any deep and abiding love for a place that he didn't live in long enough to even learn its address. Nobody nowadays sings "There is no place like home," because most of us have lived in forty-seven different homes that were as alike as peas in a pod of bungalows in a new subdivision. Home influence has become negligible because it is a plant of slow growth and not a Jack's beanstalk that springs up in a single night. And we don't even give it a chance to take root before we pull it up and transplant it somewhere else.

To get the real home feeling you must own your own home and help build it until its very soil and every nail in it has become a part of you. You must have lived in the same house until every room is a record of birth and death, of feasting and merrymaking, of tears and sorrow. You must have lived in it until you have only to shut your eyes to see wedding processions and funerals going down the stairs. You must have lived in it until you have only to listen to hear the patter of little feet across the floor and the dragging steps of age.

You must have lived in it until every stick of furniture is a memory, in order to make it a home that will always be to you the holiest spot on earth and that will drag you back to it across half the world.

Another thing that is the matter with modern homes is that they are too little. Too cramped. There isn't enough elbow room in them to keep a family from digging each other in the short ribs of their individual idiosyncrasies and thereby starting fights. Architecture has more to do with morality than we think, and if I were starting out to reform the abominations in which human beings are banded together and I would give every man, woman and child an individual room with honest-to-goodness furniture in it that was what it purported to be and not a bed that was masquerading as a flower stand or a console that unfolded into a chair.

Why, most of the present-day evils are the direct result of little, cramped-up homes. Why are there more old maids than there used to be? Why are there so many girls sitting out in parked automobiles at night? Simply because in the modern home there is no place where young people can do their courting. Mother and father and little brother and sister and grandpa and Uncle James and Aunt Sally and all the rest are all camped in the living-room, and if Gladys Maude's date has anything to say to her of a private nature they have to leave home to say it.

It cramps any young chap's style to try to make love with the whole family listening in, and none but a hero would attempt it. That's why there are fewer marriages than there were in the days when every girl had a parlor with a good soundproof door that she could shut and behind which Adolphus Gustav could pop the question. And it is why mothers lie awake at night wondering why their daughters don't come home.

And why are there so many hoodlum boys and girls? Because there wasn't room enough for them in the home to play games and to make things and to have their little individual collection of junk. There was no place where they could go off by themselves and make all the noise they wanted to. They were perpetually under foot and troublesome and annoying and so they were pushed out on the street to play and to acquire knowledge of the streets and the manners and morals and ideals of the street.

And why are there so many more divorces than there used to be? Largely because the average young married couple go to live in an apartment or bungalow so little that they have only enough room in it to change their minds about wanting to be married to each other. If you would put a female saint and a he-angel into a couple of tiny rooms where they bump against each other every time they move and where there is no privacy and no space to put their individual belongings, they would fight like a cat and a dog within three months. Even the best beloved get on our nerves if we are brought in too close contact with them.

Another thing that is the matter with the modern home is that there is not enough home cooking in it. You can't build a real home on a foundation of paper bags and tin cans. Nobody can picture a happy family gathering around an evening meal that has come from the delicatessen store. Mighty little love survives dyspepsia. The homes that husbands and children like to come back to are those presided over by a woman who spends more time in the kitchen than she does at a bridge table or a matinee and whose family always see her as a divinity of the pots and pans surrounded by the savory incense of good cooking.

Finally, what's the matter with the modern home is that men and women don't put their hearts and their backs into it. They don't realize that making a home is the biggest and most important job that two people ever tackle and that it takes patience, it takes intelligence, it takes grit, it takes salesmanship to get away with it.

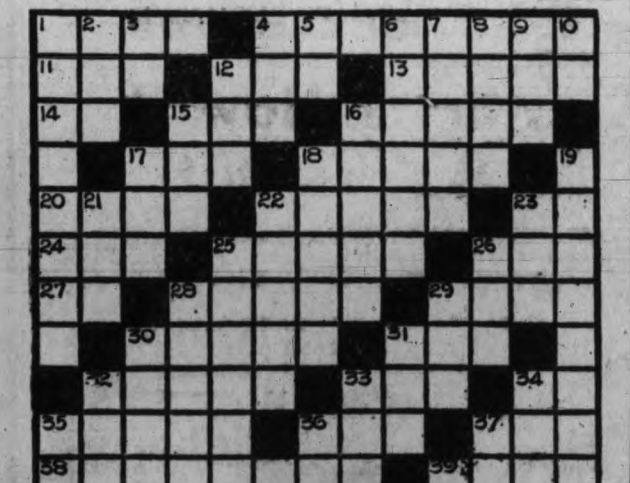

They think that business is more important. That society and clubs are more important. That you go away from home to find happiness instead of making it at your own fireside. They think that home is a place where you can wear your sloppy clothes and drop your good manners and be as disagreeable as you please, and so they make their homes a place of turmoil instead of a place of peace and rest.

These are some of the things that are the matter with the modern home. There are others that we will discuss in a few days.

DOROTHY DIX.

ADVERTISE IN THE TIMES

AT THE THEATRES

NATURAL COLOR WESTERN STORY SHOWING HERE

Epic of Covered Wagon Days
Will Show For Three Days
at Dominion Theatre

Many of Outdoor Scenes
Were Filmed in Beautiful
Sierra Madre Mountains

The original handicaps of talking pictures, which limited movement to some extent, and made location trips to outdoor scenes inadvisable, have been entirely overcome in "Song of the West," the 100% natural color, singing, talking, dancing Vitaphone epic of covered wagon days which opens to-day at the Dominion Theatre for a three day run.

"Song of the West" has action and movement. The eye of the all-natural color camera follows the rapid movements of horsemen, the march of the pioneers, and the other magnificent outdoor scenes with complete ease.

TO-NIGHT DANCE RECITAL

Pupils of VIOLET FOWKES
Playhouse Theatre

8.30 p.m.

Where To Go To-night

As Advertised

THE SCREEN
Capitol—Dorothy Mackaill in "The Flirting Widow."
Coliseum—Maurice Chevalier in "The Love Parade."
Columbia—Leila Hyams in "Wonder of Women."
Dominion—John Boles in "Song of the West."
Playhouse—Dance Recital.

Crystal Garden—Swimming and Dancing.

thus speeding up the action of the story greatly.

This was made possible by improvements Warner Bros. engineers made in Vitaphone equipment. For the first time in talking picture history a complete recording plant, was taken out into the wilds, two hundred miles from Los Angeles, and the outdoor scenes, covering a sweep of several miles, recorded in long shots and close-ups with complete ease and perfect effects.

"Song of the West" is a Harvey Thew adaptation of "Rainbow," the phenomenally successful opera of Laurence Stallings and Oscar Hammerstein II. Many song hits spangle the glittering story.

Local Student Ranks High At Toronto Varsity

M. R. Caverhill, a former student of Victoria College, took fourth ranking in his class in the Faculty of Medicine at the University of Toronto, a dispatch from that institution announced to-day. Mr. Caverhill, who graduated from Victoria High School, entered Victoria College to take the Arts '29 course, later going to the University of British Columbia, before continuing his studies in the east.

"Cameo Kirby" Is Film Attraction At Local Theatre

Irving Cummings, Old Time
Director, Had Charge of
Filming Playhouse Picture

The art of acting in talking pictures consists of being natural. That is the firm opinion of Irving Cummings, veteran stage and screen actor and director of "Cameo Kirby." For Movietone romantic musical drama which is the current attraction at the Playhouse Theatre.

"The day of the old time elocutionist, who thinks he has to go through more motions than a contortionist to put over the character he is playing is done," Cummings said recently.

"The most successful way to play a part is to talk and act naturally. Sonorous vocal gymnastics, merely bore audiences."

"After all, it is the story we tell that interests people, and there is no interest in terrific facial twisting, chest thumping and the stilted mannerisms of a grand duke."

Speaking of "Cameo Kirby," his latest production, he said: "Every player understood every situation before he enacted it. They were not merely told to read their lines, but to think their roles and react naturally to the situations as they arose."

French Favorite In "Love Parade" At the Coliseum

Popular Song Hits Will Be
Heard in One of the Year's
Most Popular Talks

Maurice Chevalier, who has become the greatest European actor to achieve success in American films since Emil Jannings, will be seen and heard in his most gorgeous picture to date "The Love Parade" now showing at the Coliseum Theatre.

"The Love Parade" is something different in all-talking musical film productions, just as Chevalier is a personage entirely different from all other screen types. The picture was written for the audible screen. It is not a film version of any previous stage production, it was created expressly for the screen and with the idea of the screen's values for amusement uppermost in the minds of the geniuses who created it.

Metchosin

Miss Barbara Tocher is the guest for a few days of Mrs. W. O. Sweatman. Miss Hilary Jones, of North Vancouver, who has been visiting her aunt, Mrs. E. R. Johnson for the last few days, has returned home.

Miss Barbara Johnson has left to spend the next few weeks at Deep Cove. Miss Gwyneth Meredith Jones is leaving on Tuesday next for North Saanich for the summer months.

Leila Hyams and Sons of
Ulric Haupt Play in "Wonder of Women"

The "second generation" of two famous theatrical families is represented in "Wonder of Women." Clarence Brown's new Metro-Goldwyn-Mayer production at the Columbia Theatre to-day.

Leila Hyams, who plays "Karen" in the picture, is the daughter of John Hyams and Leila McIntyre, famous vaudeville headliners for many years.

Dietrich Haupt and Ulric Haupt, Jr., are the sons of Ulric Haupt, noted stage and screen actor who recently played LaRoque in "Madame X."

Lewis Stone and Peggy Wood, head notable cast in the new picture, a European romance based on Hermann Sudermann's "The Wife of Stephen Tromholt," a vivid portrayal of the life and loves of a tempestuous German composer, who, no matter how many times he strays from his own hearthside, always returns to the love of his tried, but forgiving wife.

Dorothy Mackaill has the featured lead in "The Flirting Widow," a sophisticated English comedy of manners which draws its characters from the English nobility. The story deals with a family of three daughters, the eldest of whom is unmarried and displays no inclination to enter the matrimonial estate. The girls' father declines to give his consent for the marriage of the youngest until the eldest is married. The scheme to find a husband for the family's bachelorette supplies many farcical situations which are highlights of the picture.

Dorothy Mackaill has the featured lead in "The Flirting Widow," a sophisticated English comedy of manners which draws its characters from the English nobility. WELSH SOCIETY HOLDS CONCERT

Pupils Contribute to Attractive Programme at St. David's Hall

Boy Whistler Impresses Audience With Bird Imitations

A capacity audience enjoyed a concert given under the auspices of the Victoria Cymrodorion Society in St. David's Hall, 1414 Douglas Street, on Friday, when pupils of Miss Jessie Jones, A.S.C.M., were heard in several pianoforte numbers. Pupils of the Jenny Boyd School of Dancing gave several dance numbers including, the sailors' hornpipe, step dances, Irish jig, gavotte and Spanish dances. Those taking part from the dancing academy were Miss Del Marquis and Eric Grant, Florence Irvine, Marie Edwards, Jean and Nora Marcott, Elsie Wilson, Dorothy Homes, Evelyn Pishlack, Nellie Bunde, Flora Fairweather, Dorothy Alexander, Madeline Frigg, May Lewis, Helen Stewart, Helen Hudson, Alfred Francis, Reggie Stoffer, Kenneth Northworthy and Lance Clark. Every number was well received and reflected great credit upon their teacher. Whistling solos by Reggie Stoffer who held the audience spellbound with his bird-like whistles was a rare treat. A humorous sketch given by Mr. and Mrs. Semple was greatly enjoyed, and brought back memories of the humorous and dramatic plays which were given by them in the Semple's Hall, Victoria West. Harmonica solos were given by Ken Northworthy, and recitations were given by A. W. Semple and Eddie Lewis. Each item was roundly applauded, the audience almost demanding recalls. At the close of the concert the president, Mrs. Fred Williams, announced that the society would hold its annual picnic on July 1, in Mount Douglas Park, after which dancing was indulged in to music played by Mrs. R. Mason, Miss Jessie Jones, A.L.C.M., and Miss Irvine. The singing of the National Anthem brought to a close a very pleasant evening. Refreshments were served by Mrs. R. T. Williams.

ENGLISH COMEDY WITH GOOD CAST AT THE CAPITOL

Dorothy Mackaill Has Featured
Lead in "The Flirting
Widow" Here Three Days

Play Is Adaptation of A. E. W. Mason's "Green Stocking," Famous Stage Success

"The Flirting Widow," First National and Vitaphone comedy, opens at the Capitol Theatre to-day for a three day engagement.

The production was adapted from A. E. W. Mason's "Green Stockings," a sophisticated English comedy of manners which draws its characters from the English nobility. The story deals with a family of three daughters, the eldest of whom is unmarried and displays no inclination to enter the matrimonial estate. The girls' father declines to give his consent for the marriage of the youngest until the eldest is married. The scheme to find a husband for the family's bachelorette supplies many farcical situations which are highlights of the picture.

CHRISTIAN SCIENCE CHURCHES

"God The Preserver of Man," was the subject of the lesson-sermon in all Christian Science churches and societies on Sunday.

"For the Lord God is a sun and shield; the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly." (Psalms 84:11) was one of the scriptural texts contained in the lesson-sermon.

Following the reading of the Bible texts, passages were also read from "Science and Health with key to the Scriptures" by Mary Barker Eddy, one passage being the following from page 516: "Life is reflected in existence. Truth in truthfulness. God in goodness, which impart their own peace and permanence."
